PHILADELPHIA, Pa., Oct. 13.—The Yanks go back to France.

The American Legion's 1927 convention will be held in Paris September 19 to 23.

To overcome constitutional restrictions the convention will reconvene in New York on October 18 to ratify all reports adopted abroad.

The latter is an answer to the objection raised that under the constitution granted by Congress one meeting yearly must be held in the

Stephenson Is In Indianapolis

Appears Before Grand Jury As Surprise Witness Today

BROUGHT FROM PEN IN NIGHT

(International News Service)

INDIANAPOLIS, Oct. 13.—D. C. Stephenson, former grand dragon of the Indiana Klan and the pivot of the current graft scandal, went before the Marion county grand jury today in a surprise move by Prosecutor Remy which took the breath away from counsel for Stephenson.

The court order directing that the former Klan leader be brought before the grand jury, set tomorrow afternoon as the time of his appearance.

At 3 a. m. today, however, Stephenson was taken out of the state penitentiary at Michigan City where he is serving a life sentence for the murder of Madge Oberholtzer.

Accompanied by eight guards, who travelled in two automobiles, he was rushed here and taken into the county jail by the back door. This morning he was led through a tunnel to the county building and placed in an anteroom outside the grand jury room, where he was guarded by twelve policemen.

Stephenson was before the grand jury for one hour and a quarter and then was taken back to the county jail.

When he left the grand jury room, his coat collar was turned up and he made every effort to hide his face. A cordon of police surrounded him through the building to an underground passage to the jail building. Guards surrounded the elevator which took him to a lower floor and no one was permitted to approach within fifty feet of the prisoner.

Strawberries At Franklin

(International News Service)

FRANKLIN, Pa., Oct. 13.—Strawberries, although out of season in most parts of the United States, can still be obtained here. The berries are selling for 35 cents a quart by dealers at the local curb market.

Eggs are becoming scarce at the local market, selling at wholesale prices of from 45 to 48 cents a dozen—indication of approaching winter.

The last of the sweet corn was sold last week for 15 cents a dozen ears.

Believe Chicago Gang Leader Shot By His Own Pals

Coroner's Jury Continues Probe Into Fatal Shooting Of "Hymie" Weiss

TRIPLE INTRIGUE THEORY GROWING

Federal Government Steps Into Sweeping Chicago Investigation

(International News Service)

CHICAGO, Oct. 13. — Belief that Earl "Hymie" Weiss, slain gang leader, was shot by two of his pals in a "triple-cross" intrigue, gained credence today as the coroner's jury continued its investigation.

Weiss and one of his henchmen, Paddy Murray, were killed, and W. W. O'Brien, attorney for Joe Saltis, another notorious gangster charged with murder, was seriously injured in a machine gun ambuscade in front of Holy Name Cathedral here Monday.

Eye witnesses to the shooting have testified that Sam Pellar, Weiss body guard and Ben Jacobs, politician and friend of Weiss, both of whom were slightly wounded in the gun play, shot and killed the gang leaders.

Capital Officer Shot And Killed

Arthur B. Scrivener, Detective Sergeant Murdered In Front Of Home

WAS TO HAVE MARRIED TODAY

(International News Service)

WASHINGTON, Oct. 13.—Arthur B. Scrivener, a detective sergeant attached to police headquarters was shot to death early this morning in front of his home here. The murderer escaped.

Scrivener was to have been married tonight to Miss Helen B. Parker of McLean, Va.

Grappled With Assailant

The only tangible clue to the assassin is a necktie which was found clasped in the dead detective's hand' indicating that he had grappled with the man who shot him. Scrivener had not drawn his gun. It was found in his service holster. His assailant's gun, an ordinary .32 calibre revolver, was found beside the body.

The detective was not on duty when he was killed. He had returned to his home, put his car in the garage and evidently was just emerging from the alley when killed.

The police today were uncertain whether the killing of Scrivener was a deliberate act of assassination, or whether he was merely the victim of a hold-up man who shot when he met with resistance. Scrivener was in plain clothes.

The shot that killed the officer was heard by Miss Catherine Doering, who lives next door. She sent her brother to investigate and he found the body.

McGinnis One Of Few Local Residents At Both Sesqui And Centennial

Local Man Compares Two Exhibitions At Philadelphia On Return

Got Greater Thrill Out Of Centennial Of Fifty Years Ago

W. S. McGinnis of North Beaver township, one of Lawrence county's well-known men, has just returned from an eastern trip, during which among other points of interest at which he stopped was the Sesqui-Centennial at Philadelphia. He was accompanied by his niece, Miss Agnes C. Davidson, and they spent ten days on the trip.

Mr. McGinnis had more than the ordinary interest in seeing the Sesqui-Centennial, for the reason that he attended the Centennial at Philadelphia in 1876.

He did not, however, experience the same thrills that he did on the

Cornerstone Will Be Laid

Arrangements Being Made For Notable Event At New East Side Church Building

PROGRAM NOW BEING PLANNED

Plans are being made for the formal cornerstone laying at the new Third United Presbyterian church on the east side.

The event will take place the last Sunday of the present month, and will be a most impressive one. The program is now being arranged by the Rev. S. B. Copeland, pastor of the church, and the members of the various church committees, and will be announced shortly.

Good progress is being made on erection of the new church building on East Washington street. Concrete for the first floor is now being poured, and it will be but a short time until work on the exterior walls will be in progress, the basement having been completed.

Big Crowd Of Women In Jail Worry Sheriff

Eleven In Women's Ward Characterized By Reynolds As "Over-Production"

So many women are being placed in the county jail that Sheriff H. M. Reynolds is finding a hard time getting places for them to sleep. There are now eleven behind the bars. Sheriff Reynolds characterized it this morning as an "over production" of women. He says if they bring any more to the county bastile, he don't know what he is going to do with them.

Quarters in the jail in which women are kept are inadequate. Each of the cells is provided with a cot, but there are not enough of either, so the sheriff has to dig up sleeping quarters as best he can. It is probably the first time in the history of the county that so many women have been confined in the county jail at one time.

Usually there are from one to six women, and they can be taken care of without trouble. Violation of the prohibition laws is responsible for the big increase, as a majority of the women are in on liquor charges. Some are in for alleged disorderly conduct. They range in age from young girls to those well advanced in life. They represent several nationalities.

NEW CASTLE IS FAVORED

State S. S. Delegates Inclined Toward New Castle As 1927 Convention City

(Special To The News)

READING, Pa., Oct. 13.—A number of Lawrence county delegates had arrived Tuesday evening and registered, but the most of them arrived in time for the opening session of the State Sabbath School Association at 10 o'clock this morning at the Rajah Temple. State President Percy L. Craig of New Castle held a special meeting Tuesday afternoon at the Hotel Berkshire with his staff members, taking up important business matters pertaining to the convention.

As soon as delegates arrive they are being tagged with "New Castle-Lawrence County 1927" ribbons and the sentiment for New Castle seems very favorable.

The place committee will be appointed by President Craig at the opening session today. This committee will meet to receive invitations for the next convention on Thursday at noon.

They will not submit their recommendation for vote of the convention until Friday morning at about 11 o'clock.

The hotel accomodations at Reading are splendid, but the Rajah Temple does not compare at all with the Cathedral at New Castle.

Aged Man Found In Youngstown

Left City Home Here On Last Friday—Is 93 Years Of Age

Benjamin Bates, who will be 93 years of age on the twenty-fifth of this month and was reported missing from the City Home on last Friday, was found in Youngstown, O., to which place he had walked and has been returned to the City Home, after his rather unusual experience for a man of his age.

He was found Monday in the business district of Youngstown by his neice, Mrs. Benjamin Bates, Jr. He said he had walked from New Castle to Youngstown and was apparently none the worse from his trip. This is not the first occasion on which he has engaged in a walking trip of this character and is active and able to do it in spite of his years.

New Radiator Plant Will Mean 575 More Company Employees

Supervisors In Poor Districts Will Be Visited

County Commissioners To Give Personal Notice When Home Is Ready

WILL GET LISTS OF NEEDY PERSONS

M. B. Hogue, Welfare Official, To Investigate And Make Reports

County Commissioners announced this morning that they will soon be ready to notify poor overseers in the different townships and boroughs that the county home is ready for occupancy. Under the law it will be necessary for the commissioners to see all the supervisors and notify them personally.

At that time it is expected that the commissioners will be furnished with a list of indigent persons in the different districts. Some of these will be given berths in the home, while others will likely be furnished with aid in their own homes, in much the same manner as is now done by the supervisors.

Plan Of Action

Where there is a family to whom a little help is necessary it is not the intention to break up the family unless the circumstances warrant. In cases where there are several children, in order for the commissioners to give the parent or parents places in the home, it would be necessary also to take care of the children, either in private homes or in some institution.

Where it is found that the family can be made comfortable on an allowance, which would be less than it can be taken care of by dividing it, the family will probably be left together. Humane considerations, as well as the best interests of all concerned, will govern disposition of the cases.

Upon M. B. Hogue, welfare official, will devolve the work of making investigations and reports to the commissioners. They will then use their best judgment in meeting the situation. Mr. Hogue is now located in the city building, getting acquainted with the situation in the city, where the greatest work will be necessary.

It has not yet been definitely settled where Mr. Hogue will have his headquarters. It will probably be either in the city building or the court house. As there does not appear to be available office room in the court house it is probable that efforts will be made to secure a permanent office in the city building, or some other down town location.

Booth Thrills Large Crowd

Speaks To 300 Men And Women At Kiwanis Gathering

ELLWOOD CITY DELEGATION HERE

Seldom has New Castle heard so dynamic a speaker as Charles Brandon Booth, Field Secretary of the Big Brother and Big Sister movement, who addressed a crowd of 300 men and women Tuesday evening in the First Christian church.

The advance information on Mr. Booth, to the effect that he could hold his crowd was more than proven, for he held the crowd enthralled for the hour that he spoke. He had a message for the men and women of the city, and he delivered it in a manner that went home.

Sponsored By Kiwanis

The Booth meeting was sponsored by the New Castle Kiwanis Club and seated at the banquet table were members of the Rotary Club, and their wives, the Lions Club and their wives, the Quota Club and their husbands, and the Ellwood City Kiwanis Club and wives.

Announcement Of Expansion Plans Creates Big Stir In New Castle

Tuesday's announcement in The News that the National Radiator Company was starting work on a gigantic improvement to the plant is meeting with most favorable reaction here. Business men and professional men alike realize what such an improvement means to an industrial city such as New Castle, and the Radiator Company is being commended for its forward step.

It is interesting to know that the larger building of the two to be erected, will house a new radiator unit, and New Castle will be the home of a necessity that will go all over the country. National radiators are winning through merit, and it is a source of gratification here that thousands of them will be the handiwork of New Castle workmen.

RUSSELL SCOTT NOT JUBILANT OVER REPRIEVE

(International News Service)

CHICAGO, Ill., Oct. 13.—Russell Scott, who escaped hanging for the fifth time today, exhibited only slight emotion when told today he would not die Friday as scheduled for the murder of Joseph Maurer.

"I want the street or the rope", Scott said. "I don't want a commutation to a life sentence. I am innocent of the crime and would rather hang Friday than stay in jail the rest of my live. The state's own witnesses proved me innocent and should go free".

Body Of Missing Girl Is Found In Ohio Swamp

Disappeared From Home In Ashtabula County On September 21

OFFICERS QUIZZ PARENTS IN CASE

Child Evidently Killed Elsewhere And Body Taken To Swamp

(International News Service)

EAST ORWELL, O., Oct. 13.—With every law enforcement agency in Ashtabula county concentrating its efforts today, mystery still shrouded the "muck land murder" of little Isabel Zandarski, three, whose body was found in a tamarack swamp a mile and a half from her home late yesterday.

The child disappeared during the night from the home of her parents on September 21, and other children sleeping in the room with her reported that "a big black man carried Isabel away".

Her body, with the skull crushed, apparently by a blow from a club, was found in the swamp, lying face downward in the mud of the swamp late yesterday by Floyd Congdon, a squirrel hunter.

Child Murdered

Indications were that the child had been murdered and her body carried to the swamp immediately after her disappearance, as her feet and clothing showed no signs of her having walked through the thick swamp undergrowth to the spot where she was found.

Parents of the child and Frank Knurick, 18, her uncle, who slept in an adjoining room on the night she disappeared, have been questioned at length by the county officers since the baby disappeared.

The mother declared she had punished the child, who had imme-

NAME J. A. BUTLER AS SCHOOL DIRECTOR

At the meeting of the New Castle school board held Tuesday evening, October 12, John A. Butler, manager of the New Castle plant of the American Sheet & Tin Plate company, was unanimously elected a director to fill the vacancy occasioned by the resignation of R. T. Withers a month ago. Mr. Butler will serve until the next general municipal election can be held, which will be November, 1927.

The election of Mr. Butler brings to the board of school directors a man eminently qualified for the work. He has made a success in his own line of work, that of tin plate manufacturing, and the sound business judgment and progressive ideas which have advanced him in the ranks of the American Sheet & Tin Plate company will be a valuable asset to the New Castle school system.

Geographically his selection is a happy one also. It gives the third ward a representative on the board as Mr. Butler lives at 707 Court street.

Los Angeles On Trial Flight

(International News Service)

Scott Granted Supercedeas By Supreme Court

(International News Service)

SPRINGFIELD, Ill., Oct. 13.—Russell T. Scott again escaped the gibbet today when the Illinois supreme court granted him a writ of supercedeas staying his execution until the case can be reviewed by the court. Scott was to have been hanged at Chicago Friday for the murder of Joseph Maurer, a Chicago drug clerk, during a holdup.

Town Talk

Talk about parking signs and what becomes of them, it is quite evident that it is the work of some motorist who thinks he is having a good time with the police.

Last night there was considerable surprise at the police station when it was reported that a Youngstown, O., "No Parking" sign had been deposited, evidently by some passing motorist, in front of the Robinson restaurant on East Washington street.

Hauncy Johnson, well known about the city, tells a hunting story that is a real live and interesting affair. He says he can prove it, so that is all there is to it.

A few days ago, while out scouting around with his coon dogs, he treed some coons in a tree in a pasture field. All was going well when a Mr. Bull in the field resented the presence of Johnson and his dogs and made it necessary for Mr. Johnson and the dogs to make a speedy exit. The next morning he returned to the tree and shot down three young coons.

NEW RADIATOR PLANT WILL MEAN 575 MORE EMPLOYES OF COMPANY

(Continued from Page One)

production, and the extension to the present foundry will probably mean about 50 more men. This will mean a total of about 575 men at the local plant and will raise their total employed to close to 900.

Because the National Radiator Company is a year round industry it means permanent employment for 900 men, most of them heads of families. The increase in workmen at the plant will mean an increase in the payroll in this city of some three quarters of a million dollars annually, more homes, more taxpayers, more sales of food and clothing and luxuries.

It is a wonderful thing for New Castle, this improvement at the radiator plant, one that it is rumored is the forerunner of some other plant expansions here.

New Castle seems to be on the threshhold of expansion. It would seem that this would be a mighty opportune time to press an advantage and revive that wonderful spirit of co-operation so apparent during the war.

McGINNIS ONE OF FEW LOCAL RESIDENTS AT SESQUI, CENTENNIAL

(Continued From Page One)

occasion of the Centennial, because the exhibits this time, while of a very wonderful type and the very latest ideas in every line, were not as unfamiliar to him as those he saw in 1876. The Sesqui-Centennial is a wonderful affair, according to Mr. McGinnis, and the extensive exhibits and fine buildings are an education in themselves which every person should see if possible.

In 1876 the principal things that attracted Mr. McGinnis' attention was the first electrically driven car, on which he took a ride for five cents; the telephone, which was in the first year of its existence, and the grain binder with which wire was used.

This time he found that he was probably most deeply impressed by the exhibit of the Bell Telephone Company, which is located in the Liberal Arts building and in which the story of the growth and improvement of the telephone from its inception to the present time is shown.

Included in this exhibit is the latest thing in telephony and the forerunner of what the telephone patron is to receive "tomorrow", the picture of the person with whom you are talking and showing you their every expression and movement.

This exhibit was in the nature of the picture of a man thrown on a screen, in which he made a speech, a man's voice talking all the time, and in which he turned the pages of his manuscript and made his gestures in perfect unison with the sound of the voice, so perfectly indeed, according to Mr. McGinnis, that had you not know that it was a picture of a man being shown, there would be no reason but to believe that it was a real man standing there and making an address.

Other points visited by Mr. McGinnis and his niece, Miss Davidson, were Scranton, New York City, York and Atlantic City. At York, Pa., on last Thursday they had the privilege of attending the York County Fair, which, according to Mr. McGinnis, is the largest and best county fair in the state. There were 100,000 people in attendance that day and the races were excellent and the exhibits simply surpassed anything in that line that Mr. McGinnis had previously seen at such an affair.

While at Atlantic City they had the opportunity that it is said few visitors there have, of seeing a terrific electrical storm at sea from the vantage point of safety and comfort on the shore. It was the most remarkable display of lightning that they had ever seen. It was accompanied by a cloudburst and the waves of the ocean rose to such a point that they were unable to visit the Million Dollar Pier while there.

It was a very pleasant trip in every way and was thoroughly enjoyed by both Mr. McGinnis and Miss Davidson to the utmost.

BELIEVE CHICAGO GANG LEADER SHOT BY HIS OWN PALS

(Continued From Page One)

blank at Weiss. He said after killing Weiss, Pellar and Jacobs ran and were themselves wounded by the machine gun, mounted in a window overlooking the street.

The authorities are divided in their opinions as to the motive for the shooting. While some credit the theory that Weiss was killed by his own henchmen, others are convinced that the gang leader came to his death at the hands of "Scarface Al" Capone or members of his gang.

Capone and Weiss were hated rivals in the struggle for control of the beer and alcohol traffic of Chicago and Cook county.

The federal government stepped into the investigation today, determined, not only to aid local authorities in solving this crime, but to invade the Capone-controlled village of Cicero and break up the vicious ring of liquor-law violators centered there. Before the end of the week every member of the Cicero police force will have been called before the federal grand jury to tell what he knows of booze graft there.

Another sensational development in the case is the report that spies from one of the powerful gangs have had the home of United States Senator Deneen under surveillance and were under orders to assassinate any liquor graft informers who might visit him.

BOOTH THRILLS LARGE CROWD

(Continued from Page One)

ganizations for Child Welfare Work" said Mr. Booth. "There are already plenty of them. What we do need is for individual contacts by business men and women, men and women who are willing to devote some of their time in helping to straighten out problems for boys and girls whose home environment is not good.

Boys are not cases, they are human beings. You can't get rid of a human being, while the case you may shunt into a reform school or prison. Hence, the thing to do with a boy you want to help is to give him, not your money, not your reform machinery, not institutional life—your love.

Out of this idea has come a rapidly spreading, wholly efficient service called the Big Brother Organization. It is a purely human institution and not one of brick and stone. It is not charity, it is friendship. It is the inserting into the boy's life of the things he most longs for and has so often starved for—comradeship.

Each boy who benefits by this service is assigned to a certain Big Brother according to proximity, personal characteristics and similarity of religious affiliation. The Big Brother becomes the boy's friend and advisor, reuniting him with the church, the clubs, the young men's association branches, and the school.

Nobody knows how much the friendship of a man influences a boy's life. A kindly word of wisdom, a quiet talk, an hour's companionship, become factors of untold value.

So it is that, whether they be Jewish Big Brothers, Protestant Big Brothers, Roman Catholic Big Brothers, or Colored Big Brothers, all belong to the most real religion in the world whose creed is the helping hand."

A pleasing feature of the banquet and meeting was that it moved on time. H. Lee Marvin, chairman of the Arrangements Committee promised that it would start at 6:00 o'clock and close at 8:00 o'clock. It was just eight o'clock when the adjournment was made. Mr. Marvin and his committee are to be congratulated upon the splendid success of the meeting, and President Thomas W. Dickey and the Kiwanis Club are to be commended for bringing such an outstanding speaker as Charles Brandon Booth.

Rev. S. E. Irvine, pastor of the First United Presbyterian church opened the meeting with a Divine blessing, and special music was presented by the Consistory Choir under direction of William E. Harris. Edwin Lewis was at the piano. Mr. Booth was introduced by President Dickey.

East Orwell, O., Oct. 13.—Discovery of a secret pathway, known only to members of the Zandarski family, leading from their home through the thick underbrush to the spot in the Tamarack Swamps where Isabel Zandarski's body was found yesterday, was announced by Sheriff H. Hannum later located the bone which had become detached from the infant's skull, in the muck.

Bobbed-Tail Calf Is Latest

(International News Service)

HAGERSTOWN, Md., Oct. 13.—The latest thing in "bobs" is that of a calf's tail.

The bobbed-tail calf was born to a registered Holstein cow owned by James T. Wolf, a cattle dealer of Halfway, near here.

Considerable attention has been given to the calf's tail which is about the size of a pig's tail.

In Religious and Fraternal Circles

Mothers' Class

Members of the Mothers' class of the Maitland Memorial Primitive Methodist church met at the home of Mrs. W. E. Jones on Friendship street Monday evening. There were 21 members present.

The regular business was carried on at this meeting, following which a social hour was enjoyed. A fine program was given, including: duet by Mrs. Graham and Mrs. Mary Dyson; Bible reading by Mrs. Mary Lewis, who read "Abraham", and Mrs. J. Thompson, who read "John the Baptist". Next came a solo by Mrs. T. H. Bowen. A fine lunch was served by Mrs. W. E. Harris and Miss Olive Biel. Hallowe'en colors were used in the decorations.

Four visitors were present, Mr. and Mrs. Biel, Mrs. Hiler and daughter, Ruth.

The meeting was closed by a prayer given by I. E. George.

Meeting Postponed

On account of the funeral services for the late Mrs. Hannah Jones Speed on Thursday afternoon, the meeting of the Ladies Auxiliary of the Veterans of Foreign Wars scheduled for that afternoon has been postponed for one week.

I Am My Own Hair Dresser

By Edna Wallace Hopper

That curl, that fluff, that sheen in my hair are due to no expert care. I never go to a hairdresser, never have a Marcel wave. My work on the stage allows no time for that.

I simply apply twice weekly a hair dress which great experts made for me. I call it my Wave and Sheen. To that my curly, abundant, glossy hair is due.

It will be a joy to you—I promise that. My guarantee comes with each bottle. Unless your hair beauty is doubled in an hour, I'll return the cost.

All toilet counters supply Edna Wallace Hopper's Wave and Sheen at 75c per bottle. Go try it now.

SPECIAL—See Miss Hopper in person at Capitol Theatre, Butler, Oct. 18-19-20. Matinee for Women Only Wednesday.

State Convention Sessions Are Open

Percy L. Craig Presides At Reading Convention—1,400 Delegates Present

(International News Service)

READING, Pa., Oct. 13.—The 64th annual convention of the State Sabbath School association opened a three-day session here today. More than 1400 delegates have registered and the attendance is expected to reach 2,000 before Friday.

With President Craig presiding, the morning session was opened in the Rajah Temple. Dr. Floyd W. Thompkins of Philadelphia was in charge of the devotional period. He spoke on "The Christian Life Towards God". Professor H. A. Smith, dean of the school of music and art of Boston university, will be in charge of music for the convention.

The board of Christian education was expected to make its report and recommendations during the day. Committees on nominations, time and place for the next meeting, recommendations and resolutions were appointed by President Craig. He introduced F. J. Steen, Monessen, and Arthur Zuck, Erie, two new members of the board of directors, to the convention.

"Enlightened Leadership for Christian Education," the convention sermon, was preached by the Rev. A. Ray Petty, pastor of the Grace Baptist church, Philadelphia.

BODY OF MISSING GIRL IS FOUND IN OHIO SWAMP

diately gone to sleep, and had then been put to bed. She was never seen again. The uncle declared he heard a dog barking during the night, shortly before the disappearance of the child was discovered by the mother at three a. m., when the latter got up from her bed and went into the room occupied by the children.

A kidnapping theory advanced when the baby disappeared was scouted by Sheriff H. D. Hannum, as the parents have never received any demand for ransom and were tenant farmers in extremely modest circumstances.

The blow on the skull killed the child, according to the finding of Dr. Ernest Crockett of Ashtabula, and Dr. J. H. Ross, who performed an autopsy.

Questioning of the uncle, Knurick, and of the parents was resumed by the sheriff today.

Y. W. C. A. Notes

Senior High Reserves.

This afternoon the Senior High Girl Reserves are having a meeting in the Y. W. at 4 o'clock. The feature of the meeting will be discussion groups in charge of student leaders.

North Street Reserves.

The North Street Girl Reserves had a meeting Monday afternoon at which time the president introduced advisors and members of the cabinet. The membership drive plans were also discussed during the meeting. Plans were made for a Hallowe'en party to be held Monday, October 25. Committee chairman also told of their plans for the year.

Italian Reserves.

The Girl Reserves of the Italian M. E. church will have their meeting Friday evening in the church. This club was organized by Mrs. Charbonnier. The senior advisor of the club is Miss Barbanti, nationality worker of the International Institute. Miss Elvera Jilest is junior advisor.

YANKS ARE GOING BACK TO FRANCE IN SEPTEMBER, '27

(Continued From Page One)

continental United States. The Legionnaires under this proposal would hold their full convention in France and then permit ultimate ratification of their projects after return to America by a committee of one each from the delegations holding voting power.

Some Objection

Decision to send a second A. E. F. to France was not reached, however, until the convention had engaged in a little political skirmish. When the time and place committee presented its unanimous report and asked for its adoption, Colonel Harry Williard of Montana, rose and demanded a 24-hour delay in the vote. His motion was seconded by R. P. Tisdale of Los Angeles. These two refused to accept a viva voce vote, demanding a roll call.

On the roll call only California, Idaho and Missouri voted for the delay, Montana deserting Colonel Williard, who was the sole delegate in that delegation to vote "yes", the total vote, which, in effect was on Paris, was 923 to 66, with 47 absent or not voting.

The program to elect General John J. Pershing as the next national commander, however, threatens to upset. The World War commander, it is understood, has advised a special committee that he is not available for the position, citing his advanced age and the arduous nature of the work as his reason for declining.

Place for Pershing

PHILADELPHIA, Pa., Oct. 13.—The problem of selecting a national commander, insofar as General John J. Pershing is concerned, will be solved by making him an honorary national commander for life, it was predicted freely around the American Legion convention today.

A committee went to him with this suggestion, it was learned, and the understanding is that he took kindly to it.

Elimination of Pershing from the candidacy will mean a free-for-all fight for the Legion leadership, with a number of candidates. Here a new name has entered the picture, a number of leaders predicting that after the smoke has cleared Colonel John Monroe Johnson of Marion, S. C., will emerge as national commander.

May Honor Woman

PHILADELPHIA, Pa., Oct. 13.—The North Carolina delegation to the American Legion convention were jubilant here today over the prospects of putting over Miss Alice Grey of Winston-Salem, as a national vice commander at Friday's election. If successful in their campaigning, the boys from the Tarheel State will have elected the first woman as national executive of the Legion in the nine years of its existence.

Miss Grey was an army nurse during the war.

RETURN FROM CANADIAN TRIP

Mr. and Mrs. George Foster of North street, the former a well known trainman of the Pennsylvania Railroad, have just returned from an automobile trip to Canada, the Adirondacks and other points of interest. They traveled 2,050 miles and used but 77 gallons of gasoline and the trip was without accident or incident.

Motorist Hits Man As He Gets Off Car

Victim Of Accident Is Taken To The Shenango Valley Hospital

J. M. Zeitler of 112½ South Walnut street, was badly bruised and otherwise injured at 6:15 a. m., today, when as he was getting off a Grant street car at the end of the Grant street line, he was struck by the automobile of A. M. Heckathorn of New Wilmington road, which was being driven west on the street at the time.

Mr. Zeitler was picked up by Mr. Heckathorn and taken to the Shenango Valley Hospital, where on examination, it was found that his injuries were not apparently of a serious nature. Mr. Heckathorn had Mr. Zeitler removed to his home after he had received first aid treatment at the hospital.

CAIREY-MAYBERRY WEDDING, TUESDAY

A pretty wedding was solemnized Tuesday afternoon at three o'clock in the First Presbyterian church of Sharon, Pa., when Miss Mildred Ella Cairey, daughter of Mr. and Mrs. David Cairey of Dock avenue, Sharon, became the bride of William A. Mayberry, son of Mr. and Mrs. C. W. Mayberry, Boyles avenue, this city. Rev. P. E. Burtt officiated with the ring ceremony.

The bride, who was given in marriage by her father, was attractive in a gown of white satin and lace made basque effect with lace panels, interwoven with satin ribbon. Her veil was cap style and hung in three lengths to the hem of her gown. She carried a shower of bride's roses and lilies of the valley. The wedding march was played by Mrs. Tressa Snyder Smith preceding the ceremony.

Mrs. Robert Mecklenburg of Warren, Pa., as matron of honor was attired in peach georgette with silver accessories and a picture hat, and carried yellow roses. Miss Frances Jonsson of New York City, in a charming frock of yellow flowered taffeta, and Miss Sally Kennedy, in turquoise blue, both wearing poke bonnets and carrying pink and yellow chrysanthemums, were maids of honor.

Shirley Mae Shelar of Cleveland, O., in a dainty frock of orchid georgette, and carrying a basket of roses, was flower girl. William Abel of Fallonsbee, W. Va., uncle of the groom, served as best man. The ushers were Robert Mecklenburg of Warren and Harlow Clarke of New Castle.

Mrs. Snyder played "I Love You Truly" during the ceremony and at the conclusion played Mendelssohn's wedding march.

A reception for 75 guests supplemented the ceremony at Hermitage Inn, on the Sharon-Mercer road. Pink and white appointments prevailed. Over the bride's table hung a large pink and white wedding bell, with a wedding cake as a centerpiece.

Mrs. Mayberry is a graduate of Sharon High school, class of 1923, and Brown School of Commerce of New York in 1925. She has been employed in the law offices of Smiley and Jones and the office of Dr. Lafferty. Many pre-nuptial events have been given in her honor.

Mr. Mayberry is a graduate of the local high school and attended Staunton Military school of Virginia and the University of Michigan. He is associated with his father in the C. W. Mayberry Cleaning Company.

Mr. and Mrs. Mayberry left for a motor trip to Washington, D. C., and New York. For traveling the bride wore an attractive street costume of sand color. Upon their return they will reside on Fairmont avenue, this city.

GRATIFYING NEWS

ANNOUNCEMENT made yesterday in The News that the National Radiator Company has already started work on carrying out a project that will mean an immense addition to the present plant of the company on the East Side, and one that means employment of a force at least double that of the present, was received with gratification throughout the entire city.

The National Radiator Company plant is one of the steadiest operating in Western Pennsylvania. It has been one of the mainstays of the city for several years, and the success and progress of the industry, which makes it necessary to immediately carry out a large expansion program, is a source of much pleasure to all New Castle.

Plans for this extension have been under consideration for some time, and the decision to immediately rush the expansion program to completion, resulted in no time being lost in getting the work under way. Before the winter is over it is expected that the big additions will be completed and the new plant in operation.

New Castle citizens have a high regard for the National Radiator Company, its local officials and personnel, and the higher officers of the company in the head offices.

Natural advantages offered by New Castle for development of the plant figured largely in the move that has occasioned this expansion.

QUEEN MARIE BEGINS HER AMERICAN JOURNEY

THE much proclaimed visit of Queen Marie of Rumania to the United States began Tuesday when, after being greeted by Admiral Wells aboard the cruiser Memphis at Cherbourg, France, she boarded the Leviathan and began her journey completely under American auspices.

Nothing seems to have been overlooked by the Rumanian officials arranging the trip which would add to the gracious accord of the royal visitor with the manners and customs of her prospective hosts, says the Philadelphia Inquirer. Apparently the Queen and her children along with their suite of attendants desire to "do as the Romans do" during every minute of their tour, and to that end have embarked on an American ship, ordered a typical American cuisine served them and added the suggestion that wines and liquors will not be imbibed out of respect to our prohibition laws.

An added feature has appeared to the royal visit. It will commence officially and the president and government of the United States will be the formal and actual host to a visiting Queen. But after this official routine and the preservation of a courtly atmosphere Queen Marie, it is announced, plans to disappear behind the veil of informality and emerge incognito to enjoy herself and be entertained as a private person.

There is probably an important reason for the failure to make the entire visit in that convenient status. The Queen has been widely hailed as a diplomat and it is likely that she has more than one mission on behalf of the Rumanian government while in the United States. Her country has gained in population and territorial expanse since the World War, a fact which makes it one of the most important actually and potentially in Eastern Europe. There has been a very strong effort to attract American friendship and capital. Unrest and no end of political plots and counterplots have disturbed the placidity of affairs at Bucharest. Some will ascribe these to the machinations of the neighboring Bolshevists, and the disputed annexation of Bessarabia, while others will consider these manifestations the growing pains of a nation catapulted from minority to majority by the war.

Queen Marie's visit is certain to stimulate a great deal of popular interest in the country, its resources and affairs, and not the least of the hoped-for results of her tour will be the good impression conveyed directly to our citizens by the nation's lovely and immensely capable advertising expert.

MANHOOD

I sometimes sit and wonder as I see
Men sell their beauty for some petty gain,
Debauch with folly pleasure to attain,
Debase their natures conquerors to be,
If ever from our worst we shall be free?
Or are we destined ever to remain
Unthinking victims of some earlier strain
Which had no vision of nobility?

Man could be gentle, kind and brave and true,
He could be fair, whate'er his race or creed,
Yet pressed by selfish interests he will do
Such things which honest men will blush to read.
I tremble, lest some careless hour of mine
Shall stamp me brutal where I could be fine.

Hints and Dints

Sun sets tonight 5:24. Sun rises tomorrow 6:10.

Happiness is seldom found where the average man goes to seek it.

When the time comes when those who can get a week's pay for 40 hours work, it is going to be hard on the great majority who cannot get it and who have to work all kinds of hours at low pay. Something is going to happen along about that time. If the men and women on the farms ask for the same hours and pay then there is going to be a whole lot of real trouble.

A lot of people would reduce by dieting if they could do it by not eating the things which they don't like.

About the only thing that female evangelist in Los Angeles can do now is to get the people whom she claims to have kidnaped her to come into court and tell all about it. She sure is in bad.

New York would seem more hospitable to the casual visitor if she had occasional signs reading: "English Spoken Here."

A lot of people who have the ability to say hasty things, pride themselves on being frank.

Over in France the claim is made that America benefited by the world war. They should be made to prove that.

Perhaps the old blue laws were made for the benefit of the farm hands over a hundred years ago to keep their hard hearted bosses from working them all the time. Anyhow, those same laws could not be passed now anywhere.

There was a day in New Castle when no girl was quite up to the mode unless she wore a breast pin of gold wire with her name spelled out on it in gold script. We can remember them walking on Washington street with their names of Mary, Mamie and Jessie emblazoned on their waists.

The tickets for the community banquet are selling fast and before the 20th all the tickets that are to be sold will be gone. No tickets are to be sold after that time no matter if only a thousand are sold. More than that are sold now. If you wait until it is too late you are going to miss the biggest party ever held in this part of Pennsylvania. It will be some job to serve 2500 meals and it will have to be known several days before the event how many will attend. There will be room for 2500 and no more.

Some of the motorists think they have made a great concession to the pedestrian when they let them use the sidewalk.

It's a cinch that women will have to marry men who will lie to them or die old maids.

We will always know liquor can be had as long as certain types of panhandlers ask for two bits to get a bite to eat and a cup of coffee. There are men in this city who are approached by these chaps most every day in the year. It's their pitible condition which gets them the coin generally.

Wonder how this would affect some of the noisy babies in New Castle. An order has been made in New York to prohibit all horn blowing of automobiles. Arrest and fine will be the result of tooting. This would be a terrible thing to many around here. They also fine the bozo who makes a smoke screen of his old tub while cruising around on the streets.

Now we are told that only three per cent of the efficiency of gasoline is obtained in operating an automobile. Why not get some new improvements along the line of making the gas more effective and not so much along the line of new models every year?

It often happens that we like some people's lying better than their truth telling.

The man who knows when he is well off knows more than 99 per cent of the people know.

It is said that motor accidents become less frequent with men after they get married. That may be because they can use both hands then and also have their minds on their work.

An exciting time is in store for the people of this vicinity soon. The prohibition candidates for office are to be here and tell us why they should be elected.

Girls and teachers in a public school in Kansas may tint their faces and use their own judgment in the length of their skirts after a round with the school board which came out second in the racket. No man or men will ever be able to tell women what they shall use as decorations and scenery on their hides.

Some men are born liars while others can't tell the truth.

It makes a lot of difference to some women what their husbands think when they get their hair bobbed. If the husbands do not make a fuss and say it is very nice when the wife finally gets brave enough to have the job done, she goes away and cries over it. There are other women also who do not give a thinker's tink what their husbands think about anything they do and the husbands keep still.

Four doctors in Oil City have had their privilege of writing prescriptions for liquor taken away from them. We would not be surprised to hear of them bringing suit against the government for taking most of their practice away from them.

A New Castle lawyer lost his way while out motoring a few nights ago and stopped a man on the road. "How far is it to New Castle?" he asked. "Don't know." "Which is the best way to make it?" "Don't know." "Well, can you tell me any one who could direct me?" "Don't know." Our friend was rather disgusted and said, "Well, you don't seem to know very much, do you?" "Well, I ain't lost," came the reply.

Raleigh, North Carolina, has spent a million and a half dollars for water and still faces a famine. You could almost supply champagne to that city for that amount of money.

Edward Browning is said to be still looking for Peaches, but the general impression is that he picked a lemon.

How many books should a family have is a question that has been asked us. The one important book to worry about is a good reliable checkbook.

Prisoners sent to jail for a ten day term for intoxication by the Mayor of Dover, Ohio, must drink a gallon of water a day to break their liquor habits. We have an idea that the reaction isn't going to be what the Mayor hopes for. After drinking ten gallons in ten days the average man won't care to see water the rest of his natural life.

Now that baseball season is over the season of worry for the managers has started. Babe Ruth has already come out with a demand for a new contract at $150,000 a year. And he started something this year when he has hired a business agent to help him secure the salary and make the contract. Now that is getting baseball playing down to a fine point. Each individual player must have his own business manager to handle the business affairs of the player. Oh, baby, what a time is coming.

Next Sunday is the annual day to make your subscription to the City Rescue Mission. You want to be in church to do it. The Rescue Mission here owns its building; is a permanent institution and its work merits all the support it gets and more. Incidentally you can hear of the work of the mission by attending the church service every night this week.

It was good of those machine gunners in the Chicago underworld to wait until after the world series was over before starting their sharp shooting again. Now full attention can be paid to the acts of these criminals.

In a petition for divorce the wife alleged that her husband wanted her to stay home at night. A clear case of marital duty was proven. In these days the husband is supposed to take the wife some place every night.

With coal production about normal the coal barons hold very little hope for increased dividends this year.

Hollywood is beginning to slip as the biggest thing in Los Angeles. The biggest story of the year there was furnished by an evangelist—and it was a whopper of a "story."

The leaves are beginning to turn now and those who are fortunate enough to have automobiles can get a wonderful sight by taking a few trips over the good roads of the county. Lawrence county has some fine scenery and this is the prettiest time of the year. Also there are lots of nuts this year and the frost of a few nights ago is bringing them to the ground.

Perhaps the reason modern girls don't like to hold hands is because it interferes with nose powdering.

With his wife's mother hanging around all the time and staying in the same room with her at night, Edward Browning got a big kick out of his marriage to Peaches—but it was all a kick.

A Postgraduate Diplomat.

"When one of my feminine friends asks how old I am" said the resourceful woman, "I always put the burden of the fib on the questioner." "How do you mean?" "I just say lightly; 'Oh I'm a year or two older than you, you know my dear—at least a year older, Let me see now, how old are you?" And then she always knocks more off my age than I should ever have the courage to do myself.'

It is said that this will be a particularly fine season for oysters. Well, judging by the amount of rain we've had it ought to be a profitable season.

Fierce nature has no favorites.

A hurricane sweeping over Denmark and Holland has killed 18 and destroyed many boats. The miraculous thing is that we travel solely on this earth. Below is intense fire, above the absolute zero of outer space.

The earth rolls around one thousand miles an hour, without disturbing the water in your glass. Around the sun we travel almost a million miles a day, and heaven knows how many miles through space with the sun.

Earthquakes, winds, volcanoes, hurricanes, tidal waves threaten us. Yet we raise our families, deal in real estate and stocks and calamity news is rare. Let us be thankful.

Having broken many world's records in one championship series, Babe Ruth, wielder of the big bat, demands $150,000 a year salary hereafter.

Do not exclaim or "stand at gaze." One hundred and fifty thousand dollars a year isn't much, but such a baseball player as Babe Ruth is a great deal. Babe Ruth would be paid twice what we pay the president of the United States. But the fact that we pay our president too little is no reason for our not paying a good baseball player what he is worth.

Her trunks are packed and Queen Marie of Roumania is really and truly coming. It is too bad her hair is bobbed. You not only expect a queen not to be bobbed, you expect her to have two thick braids reaching down to the ground. Queens in fairy stories and in Irish poems have such braids.

A bobbed queen sounds like a roaring lion without a mane, a knight without armor, Niagara without a roar.

However the royal lady will be welcome.

H. G. Wells defends advertising, which doesn't need defense, saying that the 12 apostles were "drummers" advertising salvation, and St. Paul, raising his voice at Athens, was an advertiser, before printing presses and big type made advertising efficient.

You may go still farther back. The rainbow was the first large sized color advertisement, guaranteeing that the earth would not be drowned again by flood.

Caesar, writing on the walls of Rome the proceedings of the senate, prepared the first political advertisement.

In Day's News

Mrs. Langtry (Lady de Bathe), who today enters upon her 75th year, is little known even by name to the present generation, but in the days of our fathers her beauty was the toast of two continents. Born Lily le Breton, she was the most beautiful girl in the isle of Jersey when at 15 she met and married Edward Langtry, an Englishman of wealth. When Mrs. Langtry first appeared in London society, her artless beauty created something of a sensation. Sir John Millais painted her portrait and christened her "The Jersey Lily". The Prince of Wales (later Edward VII) was numbered among her ardent admirers. Differences with her husband, followed by a separation and, in 1897, a divorce, caused Mrs. Langtry to adopt the stage. She made several professional tours of America, the last about 20 years ago, when she appeared in vaudeville.

AUTO TRAFFIC IN 1950

Speed, and more speed, is the trend of auto traffic regulations.

Many states have raised the speed limit on state highways to forty miles an hour and some have set a minimum at which autos are allowed to travel.

If the present trend keeps up until 1950, here are a few guesses on conditions we may—or may not!—have:

All roads will have high, banked turns like the turns of a speedway. The banking will begin half a mile from the turn.

High walls will have to be built on each side of the road to keep the crops from being blown down by the wind created by speeding traffic.

Enterprising advertising agencies will use these as continuous billboards. Because of the speed at which machines will pass, the words that broadcast the merits of perfume and ham will be written in letters half a mile long.

Because all the roads will be smooth and hard surfaced and there will be no bumps or ruts making bodies raised high above the ground necessary, autos will be built close to the road and will go past like three-mile-a-minute turtles.

One-way highways from coast to coast will be in order.

In order to prevent each speeding car from killing its quota of citizens, towns will be elevated above the highways as railroads are today. (At first elevating the roads over the towns may be tried. But the danger from wild-eyed drivers who drop over the sides in battered machines will necessitate the change.)

Qualifying trials will be held to see if cars are fast enough to travel on the big highways. Each car will be given a ticket admitting it only to those highways it is fast enough to travel on.

On the big highways a driver who falls below two miles a minute will be arrested for obstructing the traffic.

The World AND THE Mud Puddles

DOES PROHIBITION PROHIBIT?

Are there more alcoholic liquors sold today than there were a year ago in the United States? It goes without saying that for every bootlegger convicted in the Courts, both Federal and State, there are a great many more bootleggers remaining uncaught; that for every gallon of liquor confiscated, there are thousands of gallons that pass down thirsty throats. The Department of Justice announced September 28th that "returns from the various Judicial Districts of the country indicate that progress has been made in prohibition enforcement during the past year". The Report goes on to say that there were 44,022 convictions had in the various courts under the National Prohibition Act during the fiscal year ending June 30, 1926, which "was the highest number of convictions reported for any one year since the Federal Prohibition Law went into effect six years ago."

At the same time the Department announces that during the fiscal year the Division of Identification of the Bureau of Investigation had received 138,002 finger prints of new violators of the law, which brought the total number of recorded finger prints of bootleggers on file up to 1,052,852. Furthermore, the fines imposed in the Federal Courts for law violations totalled $7,336,595, the average fine being $166.00. The report does not say how much money was collected from the violators fined, but this amount of money which represented the impost laid by Federal Judges upon the bootleggers is a sum less than the sum imposed by the Courts during the fiscal year ending June, 1925, and the Department of Justice comments upon this by saying that this fact is accepted by the Prohibition officials as indicating that the tendency is towards prison sentences, rather than fines. As to prison sentences, the aggregate terms of imprisonment were given in the Report as 5,666 years.

Nearly every state of the Union has a State Prohibition Act, and the Judges of the State Courts are constantly fining and imprisoning convicted offenders. There is no source of information as to how many convictions there have been during the same length of time in the State Courts, but it is safe to assume that there were at least ten times as many in the aggregate as were convicted in the Federal Courts. In other words, there were more than half a million men and women convicted last year for the violation of the Prohibition Act, and it is also a pretty safe bet to say that there were five million men and women engaged in the business.

Does Prohibition prohibit? It does not!

CLARKSBURG, W. Va., Oct. 13.—Ernie Cleavenger of Lumberport, driving a Willys-Knight special, took the lead on the 32nd lap of the Columbus Day 100-mile auto race here Tuesday, winning the event by two laps over a field of 10 starters. He was hard pushed by Speed Scott of Brownsville, Pa., who piloted a Green engineering Ford in the two-hour classic. Out of a field of 10 starters only four finished. Ken Cirspin of Brownsville, Pa., led for the first 15 miles, but a broken axle stopped his chances.

POEMS I LOVE

BY CHARLES HANSON TOWNE

"Vivien's Song," by Lord Tennyson.

The more one reads his Tennyson, the more one recognizes that supreme greatness which causes him to be so richly represented in every anthology. No singer of his time has decorated his poems with lines that have become priceless parts of our every-day speech. He is unconsciously quoted by the man in the street, who might be surprised to find that so many of the common phrases he has acquired emanate from the greatest of the Victorian singers.

In Love, if Love be Love, if Love be ours,
Faith and unfaith can ne'er be equal powers:
Unfaith in aught is want of faith in all.

It is the little rift within the lute,
That by and by will make the music mute,
And ever widening slowly silence all.

The little rift within the lover's lute,
Or little pitted speck in garnered fruit,
That rotting inward slowly moulders all.

It is not worth the keeping: let it go:
But shall it? answer, darling, answer no.
And trust me not at all or all in all.

Fifteen Hundred Gallons Disposed Of—Other News Of Mercer

(Special To The News)

MERCER, Pa., Oct. 13.—But a few days ago 1,500 gallons of illicit liquors were poured into the Mercer sewers from the cache of liquors in the court house and jail taken in raids of Mercer county homes, speakeasies and clubs.

Already there replaces it here 400 gallons taken in raids of the past few days. The contrasted facts would be proof of the quantity of the stuff being made and the number of people engaged in making it.

Coon hunters lament that the wet weather has been responsible for a game scarcity in their sport. now the woodcock hunters state that due to wet weather they can neither find the birds nor is it possible to hunt only on very high ground as many of the favored haunts of the birds are so wet as to be impassible.

Cutting corn, digging of potatoes, hauling of wheat and oats an agricultural program that combines the work of August, September and October has been taking place night and day on Mercer county farms the past three days.

J. M. Starr pharmacist at the corner drug store left today on a two months hunting trip in the Adirondack mountains of New York.

A raise in salary the second since his appointment as county detective was recommended by Judge J. A. McLaughry and District Attorney L. R. Rickard for Sam Leyshock this week.

Leyshock has been an untiring worker. Only those in touch with the work handled through the office of the district attorney know of the work done by the official and detectives of that office. Some very puzling criminal mysteries in this county are nearer solved than the public have any idea of due to the energy of these officials.

Again the need of a tuberculosis sanitarium in Mercer county is made evident in the returns of the victims of this dread disease as shown by the records at the office of the county medical director, Dr. S. H. Dickey. There are 100 victims of the plague now in the county, many of them in need of sanitorium treatment, made impossible due to the already crowded condition of these institutions. Many of them are so poor that the necessary home treatment cannot be given and before the way will open for their removal to a state institution the disease will have claimed another victim.

Dr. S. J. Dickey proposes a trip to Cresson in the very near future when he will make a study of conditions with the idea of opening a free clinic here for the benefit of those sick in Eastern Mercer county who are too poor to pay the bus fare to Sharon where the present clinic is held.

A woman who is fighting for her health and her family's happiness is a valiant soldier. She wages her battle in her own kitchen. She has no thrilling bugles to cheer her on, no waving banners. Often she becomes discouraged for ill health is a powerful foe to contend with.

For more than half a century, women have found Lydia E. Pinkham's Vegetable Compound a faithful ally in their struggle for better health.

Have you become discouraged by the same struggle? Give Lydia E. Pinkham's Vegetable Compound a chance to be your ally, too.

Young People Have Conference

Jackson Center Folks Receive Word Of Death Of Former Resident—Other News

(Special To The News)

JACKSON CENTER, Oct. 13. — More than one hundred young people attended the meeting of the Young People's Council District No. 3. in the Presbyterian church on last Friday night, October 8. John McDowell the president of the council presided. Leona McMillan led the Devotional service. A religious census will be taken of District No. 3 in the near future. Pauline Infield and Gertrude Dye have the canvass in charge. After the business meeting sides were drawn and contests were held. A community sing was enjoyed by all. Refreshments were served by the ladies of the Jackson Center Presbyterian church. At the close of the meeting "the Friendship Circle" was formed and the Young People returned to their homes greatly pleased with their entertainment.

FUNERAL SERVICES

The funeral services of Birdell L. Wharton, were held Oct. 1, at Summerville, N. J. Mr. Wharton died in the Somerset hospital, Summerville, N. J., Sept 29, after an illness of seven weeks. In cranking an automobile which had been left in gear, Mr. Wharton was forced against a building and his right leg broken. Septic poisoning from the effect of the injury caused his death. Mr. Wharton was highly esteemed by all in Summerville, where he had lived for nine years. He was manager of the Summerville branch of the New Jersey Tobacco Company. He was born and raised here. He leaves his wife and a son and daughter of Summerville, and his father Wilbur W. Wharton and sister Winifred Wharton of this place. Mr. Wharton was aged 46.

Found Indian Tribe All Wild But Women; They Wore Silk Hose

NEW YORK, Oct. 13.—Twelve fine specimens of mountain sheep, caribou and bear were obtained for the United States Biological Survey and National Museum of Washington by John M. Holzworth who has just returned from an expedition into northern British Columbia and Alaska. Mr. Holzworth struck north in British Columbia from the line of the Canadian National Railways and penetrated a hitherto unexplored region of Canada's Pacific coast province.

In this territory the explorer encountered a nomadic Indian tribe which is living in primitive Indian fashion by hunting and trapping. The only progress towards civilization that had been made by these people was credited by Mr. Holzworth to the women. Some of the girls of the tribe were wearing high heeled French shoes and silk stockings, he says.

The chief object of the expedition was to collect specimens for an investigation which is being made by the United States Biological Survey as to the possible relationship between the Rocky mountain sheep and the species of sheep found in the far north. After his work in British Columbia was finished Mr. Holzworth sailed from Prince Rupert on a fishing schooner to Alaska and secured specimens of Alaska sheep at Baranoff island and Kadiac island. At Kadiac he shot two very large specimens of Alaska brown bear. He also secured some photographic material, including moving pictures of caribou and sheep.

Correction Made In Train Wreck

Central Train Not Lehigh Valley Was Five Minutes Late Day Of Disaster

(International News Service)

HARRISBURG Pa., Oct. 13.—Through an error in copying a report on file with the Pennsylvania Public Service commission an erroneous story was circulated on October 5 to the effect that the Bureau of Accidents in its report on the wreck at Bethlehem on September 27 stated that the Lehigh Valley train was operating five minutes ahead of schedule. The Bureau of Accidents report stated instead, that Central Railroad of New Jersey train No. 306 which crashed into the Lehigh Valley train, was the one operating five minutes ahead of schedule.

"The time at which the accident occurred has been fixed as at 5:48 a. m., which is the arriving time of the Lehigh at Union station" the report said. "The Central according to its time table should not have departed from Bethlehem Junction before 5:53 a. m., as the operating rules provide that a train must not leave a station in advance of its scheduled leaving time."

New Type Motor Found By Police On Investigation

Neighbors Believed That Mysterious Actions Indicated "Still"

By ARTHUR C. WIMER.
New York Correspondent New Castle News.

NEW YORK, Oct. 13.—Inventors and would-be inventors have long been much imposed upon individuals. But now from New York City comes the crowning indignity to their trade. They are suspected of being bootleggers.

Opt at No. 249 Empire Boulevard, Brooklyn, mysterious procedings had for some time been attracting the attention of neighboring residents. Late at night lights burned behind drawn shades. From out of the building and especially from the cellar sounds of subdued activity reached the street. Strangers came and were admitted through barred doors, only after some mystic sign had been given.

At length the police received a complaint that a still was being operated in the building. The neighbors had rebelled and there was nothing left for the police to do but to investigate. So with the usual careful thoroughness of the New York police they raided the place and investigated. The "still" proved a new type of gasoline motor under construction of John A. Bosmans a young Dutch inventor who came to this country 22 years ago at the age of 10.

The new motor is now on display at the Brooklyn exposition in the Grand Central Palace. It is a mechanism intended to do away with wrist pins, connecting rods and crankcase. If successful it will revolutionize the automobile motor industry.

60-POUND PUMPKIN AND SEVEN HEADED CABBAGE OF DISPLAY

LATROBE, Pa., Oct. 13.— A pumpkin which measures 53 inches in circumference and weighs 60 pounds is on display in a local confectionery store on Ligonier street. It is a product of the garden of Mr. and Mrs. Valentine Petrosky of the Southside. It is the largest pumpkin seen in Latrobe for a number of years. A cabbage stalk containing seven distinct heads also is a product of the Petrosky garden and is on display.

AUTO'S CHILD VICTIM DIES

NEW PHILADELPHIA, O., Oct. 13—Lewis Carlisle, 7 years, old son of John D. Carlisle, died this afternoon in Union Hospital from skull fractures received last Wednesday morning when he was struck on his way to school, by the automobile driven by E. E. Pottorf, Malvern.

Some people don't mind work, and some do and that's one reason we have jails.

18,400 Persons Served

During the eleven months just passed more than 18,400 persons in New Castle were served by the agencies participating in

The Community Chest

Many of this number were babies to whom milk and proper food were furnished; many needed medical attention, glasses were furnished, tonsils removed, milk furnished to the undernourished children. In some cases the sick and destitute were given financial aid.

Every case served is on record for inspection—they all couldn't be mentioned in a whole page of this newspaper.

This record proves that the Community Chest has more than justified itself in New Castle.

Continue this good work—the need is greater this year

DEDICATION IS PLANNED

Special Program Is Arranged For Grove City Church

(Special To The News)

GROVE CITY, Pa., Oct. 13. — The program for the week of observances following their church dedication of October 17, as well as outlining the processional march of the congregation on the dedication date is issued by Dr. C. H. Williamson the pastor of the First Presbyterian church.

To the strains of Onward Christian Soldiers played on the Deagan Chimes with which the new church is equipped the congregation will march from the old to the new edifice singing. As the worshippers enter the new church the strains of the hymn will be taken up by the organ and played until all are seated. The congregation will be headed by its elders carrying the communion service. The organized adult choir will also be at the head of the procession. The congregation will march four abreast entering the new church from the Broad street entrance. They will divide right and left as they enter the church filing into the auditorium of the church by its right and left entrance. Admission will be only by card. Members of the congregation having visitors are advised to see to the securing of cards for them.

After the processional and the congregation have all been seated the doors will be thrown open for admission of the general public. The church auditorium holds 1,500. It will be filled at both services of Sunday.

While the season of golf tournaments is over at the Grove City Country Club individual matches are still being played. There will be golf played at the club daily until the snow flies it is said. There are members of the club who play the course once each month even during the winter.

Mr. and Mrs. Harry Murray and family have returned from a trip to the Sesqui-Centennial at Philadelphia. The C. G. Harshaw and W. G. Smith families were also attendants at this event during the past week.

Clyde McCoy, a resident of East Main street is the victim of an accident of recent date when he was struck by a passing auto as he stepped from a car to the street. McCoy has a broken arm and leg and is badly bruised. His condition is such that nothing much in a surgical way can be done until the swelling abates and soreness leaves his body. He is employed by the Bessemer Gas Engine Company in their foundry.

Congressman W. D. Upshaw spoke on prohibition and law enforcement last evening in the First United Presbyterian church at 8 p. m. A good sized crowd gathered to hear the southerner discuss these problems.

GAY CAPTURES GOLF MEDAL

Philadelphian Shoots 162 To Lead U. S. Army Field

PHILADELPHIA, Pa., Oct. 13.—Captain James H. Gay of the Infantry Reserves of this city won the qualifying medal in the annual golf tournament of the United States army at the Huntingdon Valley Country Club here yesterday. His score for the 36 holes was 40-41—81, and 41-40—81, for a total of 162.

Lieut. Arthur L. Benedict of Fort McPherson, Ga., and Lieut. G. I. Lawyer of Albany, N. Y., were second with scores of 168.

Fourth in the list of qualifiers was Maj. E. L. Maiden, Washington, with an 80 and 87, 167. He led the first round, but faltered in the afternoon. He was the only other player to break 170.

Sixteen players qualified for the championship play. The Third Army Corps, comprising Pennsylvania, Delaware and Maryland, won the Corps Area team championship title with a score of 346.

FARMERS ARE WARNED OF PURCHASING HOGS EXPOSED TO CHOLERA

HARRISBURG, Oct. 13. — The state bureau of animal industry in a statement today warned Pennsylvania farmers against the purchase of shipped hogs unless certain that they have not been exposed to hog cholera.

"The warning is issued," the statement said, because hog cholera is widely spread in the western hog raising states and the control of the episootic is considerably hampered in those states by shortage of anti-hog cholera serum.

Bishop Mann At Trinity Church

Will Be Principal Speaker At Fathers And Sons Banquet On October 21

Bishop Mann of Pittsburgh, Pa., one of the most distinguished and ablest speakers in western Pennsylvania, has been secured to be the speaker at the fathers and sons banquet to be held Thursday evening, October 21, at 6:30 in Trinity church.

The banquet is being arranged by the Men's club of the church and promises to be one of the biggest events in the history of the organization. At a meeting Tuesday evening the distribution of tickets was planned.

Tickets may be secured from any of the following: Harry K. Bell, William J. Freo, Jr., Robert M. Garland, John W. Hope, William B. Howe, Lewis L. Lewis, Howard Meehan, Frank B. Offutt, E. G. Peifley, Lloyd W. Strayer, Albert Walker and Harry T. Clark.

It is believed many men in New Castle who do not happen to be members of the club will welcome this opportunity to hear a man whose influence in the Pittsburgh district is constantly growing and who may be counted upon to mold the future of this great industrial empire.

TRY MAGNESIA FOR STOMACH TROUBLE

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach.

People who suffer from indigestion usually have tried pepsin, charcoal, drugs and various digestive aids and know these things will not cure their trouble—In some cases do not even give relief.

But before giving up to chronic dyspepsia, just try the effect of a little Bisurated Magnesia—not the ordinary commercial carbonate, citrate or milk, but pure Bisurated Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

Four Industrial Workers Killed In Pittsburgh District

(International News Service)

PITTSBURGH, Oct. 13.—Industrial accidents in the Pittsburgh area within the last 24 hours claimed four victims.

Falling 70 feet in the Carnegie Steel works at Homestead, Henry Davis, 33, Munhall, was killed. Lysle Williams, 50, died in McKeesport hospital from injuries suffered when a large flywheel broke in the Tube City Brewing company plant.

Alexander Radonsky, 37, McKeesport, was crushed between two cars in the National Tube company plant, and Peter Kissell, 42, Clairton, succumbed to blood poisoning in McKeesport hospital, the result of an old injury.

If only the higher civilization that taught nations not to collect debts by force had taught others the other half of the rule.

It has been a bad year for champions and at times the champion liar whoever he is must have felt very uneasy.

NEWS OF NORTH BEAVER GRANGE

The next regular meeting of the North Beaver grange No. 1646 will be held Friday evening, October 15, at the Willow Grove school house. The third and fourth degrees will be conferred on the above date to quite a large class.

Elma McKinley, who has been ill for some time, is now able to return to her own home.

Paul Wallace, who has been in the hospital for about 10 weeks is at home again and is getting along very nicely.

Prof. Hoffmeister Gets Added Duty

Will Supervise Thaddeus Stevens School As Well As Croton

MATTERS ACTED ON BY SCHOOL BOARD

Warrants were ordered drawn Tuesday evening by the New Castle School Board for the payment of land to be used in the erection of the new junior high school on Euclid avenue.

The amounts involved are George Berger Heirs, $17,500.00, Lulu White Cribbs, $2,340.00, Pearl White Lyon, $1,520.00, J. Crawford White, $4,560.00.

Two additional pieces remain to be purchased, those belonging to Ernest Teich. No agreement can be reached upon the price, and the board will probably start condemnation proceedings.

A petition will be presented to the local courts, asking for the appointment of several employes of the school system as special policemen, to act during athletic contests.

James M. Hughes, who has been supervising the Lincoln-Garfield, Thaddeus Stevens and Pollock schools, will only have the Lincoln-Garfield and Pollock schools in the future. The board felt that the three were too much for one principal and have given the Thaddeus Stevens school to Asa Hoffmeister, who will supervise it and the Croton school.

Miss Annabell Randall was elected as a teacher in the Franklin Junior High School at scheduled salary.

Bids will be asked for a velour drawn curtain for the Senior High School stage. Architect H. M. Wirsing will be instructed to prepare plans for repairing and renewing water fountains in Croton, Oak Street, Thaddeus Stevens Lincoln-Garfield and Terrace Avenue Schools.

Two portables will be moved on the Senior High School property and three more added, the five to be steam heated.

Former Teacher At Westminster Called By Death

Judge John D. Shafer, Oldest Jurist In Allegheny County, Passes Away

Judge John D. Shafer, oldest jurist in point of service in Allegheny county, died at Mercy hospital, Pittsburgh, yesterday, following an illness of several months. He was at one time professor of Greek in Westminster college, New Wilmington, and quite well known here, either personally or by reputation.

Judge Shafer was born in West Deer township, Allegheny county, December 5, 1848. Completing his education in the common schools he entered Jefferson college where he graduated in 1866.

It was while he was a student at Jefferson that the college was united with Washington college, taking the name of Washington and Jefferson.

For several years after his graduation he was a teacher in West Alexandria and McKeesport. He became a registered student of law with James L. Kuhn and James Evans and from April, 1871 to July, 1873, he acted as professor of Greek in Westminster college, New Wilmington. He was admitted to the bar of Allegheny county January 17, 1874.

In legal circles Judge Shafer was regarded as a brilliant jurist, one to whom many of the profession turned for advice and aid. His prominence on the bench was not confined to Allegheny county, but was known in many distant sections of the country. He was commissioned a judge of common pleas court in June, 1897, and had been a member ever since, having been elected to three ten year terms.

Judge Shafer was twice married. His first wife was Miss Rosa Strauss of Washington county, whom he married September 27, 1877. She died November 9, 1897. June 20, 1901, he married Mrs. Maud B. Gifford of Cambridge, Mass.

He is survived by his wife and two sisters, Miss Janette Shafer of New Wilmington and Mrs. Anna S. Berry of Boise, Idaho.

Adult Conference At Pittsburgh Y. W.

Miss Agnes Allison, Girl Reserve secretary of the central Y. W. C. A., and Miss Rosa Brown, general secretary of the Elm street Y. W., are leaving Thursday for Pittsburgh, where they will attend the conference of the Girl Reserve secretaries and Adult Guidance council in the Central Y. W. C. A. on Chatham street. The conference is from October 14 to 17 inclusive.

An excellent program has been planned. Dean Amos of the University of Pittsburgh and Miss Esther Dayman of the national staff will be two of the principal speakers. Delegates will be present from western Pennsylvania.

Librarian Home From Convention

Miss Alice M. Sterling, librarian of the New Castle Public Library has returned from Atlantic City where she attended the Fiftieth Anniversary Conference of the libraries of the United States. This was the largest of all library meetings, with 3,200 representatives present, coming from all over the United States as well as many other countries.

The purpose of this conference was to discuss the work of all departments in Library work.

Canal Decision Comes On Friday

Ohio River-Lakes Canal Project Is Near Final Action

PITTSBURGHERS GO TO HEARING

PITTSBURGH, Pa., Oct. 13. — The fate of the proposed Lake Erie and Ohio River canal will be determined next Friday in Washington when representatives of Pittsburgh, Wheeling and Youngstown industrial leaders will present their arguments in favor of the project before the United States Board of Engineers for Rivers and Harbors. The hearing is scheduled for 2 p. m. in the Munitions Building, and will be preceded by a conference of the canal interests at 10:30 a. m. at Hotel Washington.

The Board of Engineers some time ago received a report from Col. Kutz to the effect that the canal was feasible from an engineering standpoint, but was economically inadvisable. This conclusion has been vigorously assailed by the tonnage producing and shipping interests of the Pittsburgh district, as well as the producers of the Shenango and Mahoning Valleys. An effort will be made by the delegation at the hearing to convince the Board of Engineers that much more than enough tonnage is waiting and available for the canal to make it economically advisable.

SELF-LOVE NEEDED TO AID FELLOW MEN

TOLEDO, O., Oct. 13. — Only the incentive of self-love keeps us from degrading ourselves by loving our fellow men and truth, and serving humanity better, declared the Rev. Stewart McClelland, rector of the First Presbyterian church, Monroe, in an address to the Kiwanis Club here.

The Rev. Mr. McClelland said that the whole truth of human existence must be sought by us if we wish to serve our fellow men best.

"I got no education," says the rich man. How, then, does he define all the cuffs and kicks he got?

Nature does her best to hint. The fatter you get, the harder she makes it to get close to the table.

Patriotic Service Conducted By F.P.A. At U. P. Auditorium

Date And Place Selected For Presentation Of Bibles To Lincoln School

ELLWOOD CITY, Pa., Oct. 13.—Fraternal Patriotic Americans will conduct their patriotic service at which time they will present Bibles to the Lincoln school, in the United Presbyterian auditorium, October 29, at 7:45 o'clock. The principal speaker of the evening will be Aleck De Haven, now city solicitor of Philadelphia and formerly a district attorney.

The Patriotic Americans have purchased Bibles, one for each room in the new school building, but their work has not stopped there. Teachers in the new Ewing Park school building are using the Bibles purchased by this order and they are awaiting a special time selected by the Parent-Teachers organization of that school, for the presentation of a large American flag, which they have purchased for this school.

Monthly Report Of Red Cross Chapter

Report of activities of the Lawrence County Chapter of the American Red Cross for the month of September. The reports under the various department heads are as follows:

Home Service Department

In this department we had 14 new cases come to our attention during the month, 5 of them being families residing in the Florida Disaster Area. 6 cases were closed. There were 35 office interviews, 11 visits were made, 34 letters and telegrams were sent and 21 received. Relief was given to 2 families in the amount of $77.00. Assisted one man in receiving hospitalization, one in having his insurance converted and two in having their compensation increased.

Life Saving

During the month 4 Juniors passed the Life Saving Test and were enrolled with this Chapter. Quite a lot of enthusiasm is being shown for this work at the Ben Franklin Junior High, under the direction of Mr. Geasa and we are looking forward to a nice class passing the tests and enrolling with the Lawrence County Chapter.

Nursing Department

Miss Reed made 243 visits during the month to various homes of children, who had some defect in their physical condition or were ill and were advised to consult their family physician. During the summer months the following defects were corrected, these having not been reported in former reports:

Vision—15.
Eyes operated on for strabismus—1.
Ears—10.
Hearing—2
Teeth—50.
Nasal Passages—10.
Throat—10.
Deformities—2.

4 talks were made to teachers and to two Women's Clubs talks were made. The Baby Clinic in Bessemer is progressing nicely and a great deal of interest is being shown.

Financial Report

Receipts—$214.15.
Disbursements—$626.75.
($143.00 of this amount was subscribed to the Florida Relief.)

HARTZ BREAKS AUTO RECORD

Victory In 200-mile Event Virtually Clinches 1926 Title

SALEM, N. H., Oct. 13.—Harry Hartz of Los Angeles, Calif., virtually clinched the 1926 automobile racing championship and broke a world's record for the new small bore racing cars when he came home first in the 200-mile feature race over the Rockingham board speedway here Tuesday in one hour, 38 minutes and 21:25 seconds.

Hartz finished two laps ahead of Pete Kreiss of Knoxville, Tenn., who in turn led Leon Duray across the line by three one-hundredths of a second. Kreiss' time was 1:37:59.12, with Duray finishing in 1:37:39.15. The winner's speed average was 123 miles an hour.

Pittsburgh Slayer Is Found Guilty Of First Degree Murder

(International News Service)

PITTSBURGH, Oct. 13.—Lester Welch, 33, so-called "vulture-murderer", must suffer the extreme penalty for the murder of his common law wife, Mrs. Anna Exline, 54, if Judge J. Frank Graff in the criminal court upholds the death penalty recommended by the jury. The jury trying Welch found him guilty of first degree murder after deliberating nearly four hours.

Welch pleaded temporary insanity. Testifying in his own defense he said he completely lost his memory the day of the murder and did not recover until he found himself in the county jail several days after.

Mrs. Exline died from a fractured skull received when hit on the head with a bucket and chair, according to testimony.

"Show-Down" In Political Row Set For Today

Speculation Rife In Hoosier Capital As Stephenson Case Starts

By CARL W. HARRIS
International News Service Staff Correspondent

INDIANAPOLIS, Ind., Oct. 13.—They changed the game to "showdown" today in this little session of Indiana political table stakes here where the chips are engraved with the fiery cross of the Ku Klux Klan and the stakes are the reputations of men and the honor of the state.

This afternoon, promptly at 2 o'clock, a crier in the staid old superior court room of Judge Sidney L. Miller, will call up the case of the Hoosier Tailors, Inc., vs. D. C. Stephenson, et als. and upon that call will rest all future procedure in the maze of probes aimed at bringing the state's alleged political skeletons into the light of day.

One of two things will happen. Either Stephenson, former Grand Kleagle of the K. K. K. in Indiana at the crooking of whose finger, it is charged, mayors, senators and all the lesser and perhaps greater lights of Indiana officialdom were made or broken, will appear in open court or he will not. Either the court order upon Warden Walter H. Daly to produce the man of the hour, now serving a sentence in the state penitentiary at Michigan City for murder, will be honored or ignored.

If Stephenson is not among those present, indications today were Daly will be immediately taken into custody for contempt of court and a new order issued upon his successor in charge to produce Stephenson.

Man Suicides By Using Belt

(International News Service)

GREENSBURG, Pa., Oct. 13. — Investigation into the finding of the lifeless body of Frank Beddick, 38, suspended by a belt from a staircase in his home as Granistown near here, today brought forth the theory that the man took his own life while despondent over his inability to meet a mortgage on his home.

Beddick, the father of five children, worried for some time over his financial condition, friends said.

His body was found by his wife, who notified officials.

Princess Hermine Offers Denial To Domicile Change

States Emphatically That Kaiser Is Not Going To Change Abode

PAPERS COMMENT ON LATEST YARN

By S. DUNBAR WEYER
International News Service Staff Correspondent
(Copyright, 1926, by I. N. S.)

CASTLE SAABOR, Silesia, Oct. 13.—"I authorize you to state positively that the kaiser has taken no steps whatever to change his domicile."

Princess Hermine, wife of the ex-kaiser, made this statement today in the course of an exclusive interview with the International News Service in the historic and picturesque Saabor castle, where the correspondent had come to secure first hand verification of rumors and reports published all over the world during the past few days that William II planned to return to Germany.

These rumors had arisen through paragraph seven of the new compromise plan between the Prussian state and the house Hohenzollern, a compromise plan for the indemnification of the Hohenzollerns which has caused two days of riotous disorders in the Prussian diet. Paragraph seven of this compromise plan gives the famous Castle Homburg Auf De Hoche to the ex-kaiser and his family "in case they should return to Germany."

Sitting in the drawing room of the castle Saabor, Princess Hermine looked the picture of health and was clad simply but with distinguished taste, playing the part of hostess with exquisite charm. She talked frankly in fluent English, displaying the same almost fanatical love for truth which has marked her previous interviews with the International News Service.

With her keen clear brown eyes fixed on the correspondent she said that the paragraph in the compromise plan regarding Homburgs castle does not by any means indicate that the ex-kaiser desires to return to Germany at this time.

"I cannot understand all the excitement in the press about this paragraph," said Princess Hermine. "Is it not perfectly just and logical?"

Order Plans Drawn For Senior High School Addition

Plans For New Junior High School Are Also Ordered

Another step in the building program of the New Castle schools was taken Tuesday evening. Architect A. L. Thayer is to be instructed to draw preliminary sketches for the new junior high school and Architect W. G. Eckles is to be instructed to draw a preliminary sketch for the changes in the Senior high school.

The new junior high school will be built on Euclid avenue, lying between Carlysle and Mercer streets. It will contain an auditorium capable of seating 1,000 a double gymnasium capable of seating 400, locker rooms, shower rooms, a swimming pool, manual training and domestic science rooms, an art room, a typewriting room, a library, administration offices and 28 class rooms.

The addition to the Senior high school will be one of two plans. Either the old gymnasium will be remodeled and 16 or 18 class rooms added or a new gymnasium will be built and 16 or 18 class rooms added.

Mrs. Calvin Coolidge Aids In Dedication At Mercersburg Academy

(International News Service)

MERCERSBURG, Pa., Oct. 13.—Mrs. Calvin Coolidge wife of the President, today took part in the dedication of Mercersburg Academy's new chapel, a memorial to the 1,700 boys of the acadamy who jarticipated in the World War.

Mrs. Coolidge who laid the corner stone when the $600,000 chapel was started two years ago, was guest of honor at the dedicatory services in the chapel at 10 o'clock this morning. Her two sons, John, now at Amherst college and Calvin who died two years ago attended Mercersburg academy.

Dr. Charles R. Erdman former moderator of the Presbyterian church and Dr. J. Noble Pierce of Washington, pastor of the Congregational church attended by President and Mrs. Coolidge spoke at the morning services. Dr. William Mann Irvine, headmaster, delivered the dedicatory address.

A service of praise was to be held this afternoon and tonight a dinner will be given to the delegates and guests.

Col. Cheney of the United States army and aide to President Coolidge accompanied Mrs. Coolidge here.

Beneficiary In Valentino Will Plans For Fight

(International News Service)

JUAN LES PINS, France, Oct. 13—"I am sailing for America on the Aquitania on Saturday to protest my interests in the Valentino will,' declared Mrs. Therese Werner today to the International News Service.

Mrs. Werner, aunt of the second wife of the late Rudolph Valentino was made a beneficiary under Valentino's will, which it is reported will be contested by the brother and sister of Valentino.

"I hope there won't be any trouble" said Mrs. Werner. "They can't charge that I influenced Rudy since I wasn't there when the will was drawn up."

Westminster Cross-Country Team Elects—Other News Of College

(Special To The News)

NEW WILMINGTON, Pa., Oct. 13.—Orvil Mirtz of Pittsburgh, a member of the Junior class at Westminster college has been elected captain of the cross country team for the present season.

Mirtz is one of the district's leading runners. He holds the tri-state conference record in the mile event. He has been the ace of the cross-country team for two seasons.

Westminster's squad lost their first race in two seasons last Saturday at Beaver Falls where they competed against Geneva. Mirtz and McClure, the squad's leading harriers, were unable to take part. Mirtz has been ill for about ten days.

The team will face Thiel Saturday as the preliminary event to the Westminster-Thiel grid game at New Wilmington. Coach Coleman is drilling his men carefully this week. It is expected that Mirtz will be ready to take part.

ELECT FRESHMAN PRESIDENT.

Ralph Thomas of Sharon, has been elected president of the Freshman class of Westminster college. Miss Ochiltree of Pittsburgh has been name vice president. Miss Mabel Smith of Sharon, secretary and James Blackwood of Pittsburgh, treasurer.

COLLEGE ENROLLMENT.

The student enrollment at Westminster college for the first semester of the present school year is 477, the largest in the history of the school. During the first semester last year 430 were enrolled.

The figures for the various classes are: Seniors, 34 men and 35 women for a total of 69; Juniors, 37, men and 46 women, for a total of 83; Sophomores, 72 men and 62 women, for a total of 136; Freshmen, 86 men and 81 women, for a total of 167; special students, seven men and 16 women, for a total of 23.

AFTER TENNIS MEN.

With Westminster college's tennis team seriously crippled by graduation last spring earnest efforts are now being made by Captain-elect Francis McDowell and Physical Director J. W. Colman to uncover material among the Freshmen.

A call has been issued for a Freshman tournament and eight men have responded. They are John McElderry, Russell Patterson, Goff Maskrey, R. E. Knox, William Turnbull, John Ackenheil, Petey Botsford and A. K. Hemer.

Joseph McFate of New Castle, captain for two seasons and John Crowe of New Wilmington, were the veterans who graduated. McFate is now enrolled as a law student at the University of Pennsylvania while Crowe is teaching in Lingnan University, China.

MRS. PACKARD: "Time for your Pinkham's Compound, Eleanor."

MRS. REED: "Mother, that sounds exactly like Grandma. Remember how she used to praise it?"

MRS. PACKARD: "Yes, three generations in our family have relied upon Lydia E. Pinkham's Vegetable Compound. Some day you'll be giving it to little Marjorie."

YEARS ago, a mother gave Lydia E. Pinkham's Vegetable Compound to her young daughter. The daughter married and became the mother of seven children.

She writes: "I always took it before my babies were born and I know it gave me strength to do my work. I am now having the Change of Life and am taking the Vegetable Compound again. I am giving it to my oldest daughter. I have always recommended it to my friends. I will answer any letters from women asking about the medicine."

BEFORE her marriage, Mrs. Frankum was a working girl. Like many girls, she sometimes had to stay home from her work. A friend told her of Lydia E. Pinkham's Vegetable Compound and she found that it relieved her trouble.

She was in good health until her second baby came. "I began to take the Vegetable Compound again," she writes, "and so was able to do my housework. Women ask me what I have been doing and I tell them about your medicine. I feel that I owe a lot to it."

Lions Club Hears Of Ben Franklin Highway

Interest in the Ben Franklin National Highway was stirred on Tuesday when John H. Williamson of Findlay, O., president of the Ben Franklin National Highway, gave a description of it before the Lions club at their noonday meeting at the Elks Club. Mr. Williamson stated that the Ben Franklin National Highway was not a new one but was the linking together of already established highways into a great trans-continental route. It is the water level route across the United States and the interest of the association sponsoring this particular highway is in having it renumbered and marked by the United States, as its chief route east and west.

This highway starts at Atlantic City and across the State of New Jersey to Camden and enters Pennsylvania at Philadelphia thence to Harrisburg, Ebensburg through Indiana, Butler, New Castle and the state of Ohio. This route across our own state is devoid of the high mountains and steep grades of the Lincoln and National roads, the only steep grade being at Cresson. From Cresson it is possible to follow this highway to the rockies without shifting gears, Mr. Williamson declared.

It is an important highway in case of war and the speaker illustrated the use of highways in modern warfare by telling of the benefit to the Allies of the roads built by the Caesars 2000 years ago through Italy and France.

Besides the speaker the Lions quartet furnished music which was appreciated.

The club voted to have a stunt night around the Hallowe'en season.

Will Be Principal Speaker At Meeting Of Christian Citizenship Institute

The Hon. M. Clyde Kelly, representative of the 33rd Pennsylvania district in the United States Congress, who is to speak on "Law Enforcement" at the Christian Citizenship Institute to be held in New Castle next week is a native of Muskingum County, O. He was born in the village of Bloomfield in 1884 and graduated with honors from Muskingum College, New Concord, O., from which he received an honorary A. M. degree in 1916.

He has been all his life a newspaper man. From 1901 to 1903 he was city editor of the Daily News in Braddock, Pa. In 1903 he founded the Braddock Leader. Two years later he purchased the Daily News and in 1907 the Evening Herald, combining the two which he has since been publishing as the Daily News-Herald.

From 1910 to 1913 he was a member of the Pennsylvania House of Representatives. In 1913 he was elected a member of the 63rd United States Congress in which he served until 1915. Again, in 1917 he was elected to the same position in which he has served continuously until the present time. This of itself speaks of his efficiency as a public servant.

Besides his newspaper and political career, Mr. Kelly has been for many years active in church, social and community work. He is of the United Presbyterian church, a member of its General Council and has for years when at home been a teacher in the Sabbath School of his own congregation in Braddock. He is also president of the Pennsylvania Society in the District of Columbia and a member of the Pennsylvania Society of the Sons of the American Revolution and also of the Army and Navy Union.

In addition to all his other labors he has written two books, Machine Made Legislation in 1911 and The Community Capital in 1921. He is an especial student of community and national life, has an enviable reputation as a public speaker and has repeatedly spoken under the auspices of the National Reform Association at community, state, national and international gatherings.

The local committee in charge of the Institute comprised of Dr. E. A. Crooks, Rev. S. B. Copeland and Rev. C. O. Frank, are very fortunate in being able to secure such an excellent speaker as Mr. Kelly to present a subject that is very popular today.

Evangelist At Wesleyan M. E.

Rev. A. D. Fero of Dixonville, Pa., is the evangelist at the Wesleyan Methodist church in a series of meetings which began this week and will continue over October 24. The evangelist is in dead earnest about people fleeing the wrath to come, proving it by the deep earnest messages he is preaching. There will be special singing at all of these meetings.

NAIL IS FATAL TO PRIZE COW

TITUSVILLE, Pa., Oct. 13 — A nail in its heart proved fatal to a registered Holstein cow belonging to Frank Markley, a farmer of Troy township. The animal had swallowed the nail in its food and examination showed that the nail protruded from its throat and pierced its heart.

Are your children denied a doctor?

NO PRACTICAL MOTHER would deny her children medical attention in time of illness.

Unheard of! Unthinkable!

Yet, when you pour the cream off your bottle of milk for coffee or dessert—you do practically this.

Nature intended that the whole milk be used, for much of the health-building food value is in the cream.

Don't pour it off—give the children the mixed cream and milk and order extra cream for incidental uses. In that way—your children will enjoy every drop.

QUICK RELIEF FROM CONSTIPATION

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 20 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Olive Tablets do not contain calomel, just a healing, soothing vegetable laxative mixed with olive oil.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth"—bad breath—a dull, tired feeling—sick headache—torpid liver—constipation, you'll find quick, sure and pleasant results from one or two of Dr. Edwards' Olive Tablets at bedtime.

Thousands take them every night to keep right. Try them. 15c, 30c, 60c.

PEP is Vitality

will increase your earning ability

IT is the red blooded people who win success in this world! Red blood gives men and women the vitality—the energy—the strength and the activity to earn what they deserve!

Nobody can do justice to themselves when they are suffering for want of rich, red blood. It is this impoverished condition of the blood that causes so many failures in life. There's no place at the top for the weakling—the men and women with poor, weak blood.

Build up your blood! Get in the red-blooded class—and get the rewards you deserve. S. S. S. will do it for you! S. S. S. helps Nature build millions of red-blood-cells!

S. S. S. sends rich, red blood tingling to every fibre of your body and every pore of your skin. You are fairly radiant with energy, vim and vitality.

You'll look like success, too! The rich, red blood that S. S. S. helps Nature build for you will clear your skin of any ugly blemishes—your eyes will sparkle with enthusiasm—firm, solid flesh will round out your figure—strength and power will come to weak, flabby muscles.

Queen Marie Enters Upon Ocean Voyage With Real Interest

By JOHN GOETTE
International News Service Staff Correspondent

ON BOARD THE S. S. LEVIATHAN, Oct. 13.—Queen Marie of Roumania today entered with zest upon the life of an ocean traveler.

"Isn't this comfy!" she exclaimed when shown to the private palation suite of staterooms which the royal party will occupy.

The queen arose at 6:45 this morning, and after being served with a cup of tea, she and Princess Ileana went for a swim in the Leviathan's huge marble swimming pool. Her majesty had overlooked the detail of buying a bathing suit before embarking, but one was supplied by the ship.

After the swim the queen and Princess Ileana had lunch in the spacious sun parlor. The royal party has accepted an invitation from Captain Hartley, the big ship's commander, to lunch today in the general dining room. They will be guests at the captain's table.

BOY IS HURT IN ACCIDENT

Long Avenue Lad In Hospital —Other Auto Mishaps Here

William Pugh, aged four, rear 118 Long avenue, is in the New Castle hospital suffering from injuries sustained Tuesday afternoon on Long avenue when he ran into the side of the car of Tod Kirkwood of South New Castle Borough and was knocked to the street.

He sustained a cut on the head and it will be impossible to determine the full extent of his injuries for a short time at least, according to the report at the police station.

Mr. Kirkwood in making a report to the police stated that he was driving east on Long avenue near Frank Way, when the little boy ran from the north side of the street and across the street. As he did so he ran into the side of the Kirkwood car, which was being operated at a moderate rate of speed at the time. He was knocked to the pavement.

A. G. Hanna of 338 Morris street, an employe of the Pennsylvania and Ohio Electric Company, took the boy to the New Castle hospital, where his injuries were attended to.

Ira Bennett of 115 West 22nd street, Erie, Pa., was driving a truck of the H. J. Conrath Company of Erie, Pa., south on Apple Way from East Falls street, according to the report made to the police Tuesday, when a 4x4 plank which was sticking out from the bed of the truck struck and damaged an Essex coach bearing Pennsylvania license 350-770, which was parked in Apple Way.

Every Spot Comes Out of Master Cleaned Clothes

Well, today we'll continue the journey of those fine clothes through the Smith Master Dry Cleaning work. The first part of the journey had us going to the plant where we were given an inspection and sorted out according to kind. The silks were put together, the suits together, the grays in one pile, the dark clothes in another — all the clothes being sorted according to kind and color. Minor rips and tears were noted and all our buttons were counted for future attention. Then we went to the dry cleaning machines where we were thoroughly cleaned, then the cleaning solvent extracted and the last we experienced on Saturday was a thorough deodorizing to take away the cleaning smell, a good brushing to remove lint and restore the nap and pile effect and a steaming to complete the cleaning process.

Now we're ready to start again. Before we go further another inspector goes over us. There are always a number of spots that the dry cleaning solvent won't remove, ink and fruit stains, sugar spots, etc., and these now get expert attention. We go to a specially equipped room called the laboratory, fitted up with bottles and tubes like a miniature drug store. No matter what the spot is there is a spotting solvent that will remove it if the right one is applied. For instance, I'm a silk dress and there is a big spot where it shows. When the chemist in charge looks me over he knows just what to put on to remove that spot. He has to know exactly for if he experiments, a new dress will go to the owner. And so it goes. By the proper application of cleaning solvents that spot comes out and my nice new silkiness is unharmed. Every garment that has a spot on it is treated the same way and every spot comes out. Hour after hour the spotting goes on every garment is made absolutely spotless.

Next we go to the tailoring department and if there is a button missing it is supplied and sewed on; if there is a rip or tear anywhere they are repaired and this service is free in all cases. The tailoring department is a busy place for there is much of it to do. Now we'll leave you there until Saturday where the trip will be continued.

The Smith Master Dry Cleaning works has just finished the installation of two mammoth washers of the very latest type, the new machines being necessary to take care of their rapidly growing business. These new machines not only have a larger capacity but do a superior quality of dry cleaning.

Call 885 for a Master Cleaning Service man and your clothes will receive expert attention.

Y. W. TENNIS CHAMPION

Winner In Outdoor Tourney For Season Is Decided In Final Contests

MRS. AILEEN STONE

As the result of the completion of the outdoor tennis tournament of the Y. W. C. A., which has been in progress for several weeks, Mrs. Aileen Stone is awarded the championship for the season.

The players in the finale were Miss Mary Tewell and Mrs. Aileen Stone, Mrs. Stone leaving the court at the end of the third set as the champion of the tourney. To win her title Mrs. Stone has played 122 games, which signifies much hard work, so the girls were glad she won as they felt she had justly earned the honor.

The first set was extremely interesting and close, with "games all" scored no less than three times, making a total of 16 games in the first set. In the second set Miss Tewell came to the fore with some fine placing of her return balls, which gave her the set. However, in the final set Mrs. Stone warmed again to the contest and won the set which gave her the championship.

There was very good playing on both sides and more than once the spectators jumped from their seats in excitement. Contrary to most matches, the first set was the best. Score—First set, Stone 9-7; second set, Tewell 6-2; third set, Stone 6-2.

This is the first outdoor tourney the Y. W. C. A. has ever scheduled, but judging from the interest shown, it will not be the last. The tournament began September 8 and the girls played off daily until the wet weather set in, which somewhat prolonged the tourney. All matches were played off on the Carnegie court on S. Jefferson street.

The health department of the Y. W. C. A. hereby takes the occasion to thank the welfare department of the Carnegie Steel for its kind permission to use the court during the course of the tournament.

Scientists state that a flowering plant abstracts from the soil two hundred times its own weight in water during its life.

Six Convicts Still At Large In Prison Break

Thirteen Prisoners Break From Tennessee Penitentiary But Seven Are Captured

(International News Service)

NASHVILLE, Tenn., Oct. 13.—Six of the 13 prisoners who escaped from the Tennessee penitentiary last night were still at large today after an all night search by more than 50 county and state officers.

The seven captured were taken within an hour and a half after they gained their freedom.

The wholesale escape, the third in a year, was engineered by John Rezensky, convicted slayer, who dug a hole through a stone wall from his cell and crawled more than 700 feet through an air chamber.

Special Program At First Christian

For several weeks the Wednesday evening mid-week prayer meeting in the First Christian church has been of great interest. New ideas have been introduced, the attendance is increasing week by week and the result is beneficial both to the church and Bible school.

This evening, the meeting is under the guidance of Mrs. Milton R. Vaughn, Mrs. Claude Patton and E. D. Marvin. The subject to be discussed is "The Power of Prayer." This topic should be of deep interest to every church going man and woman. The committee makes an urgent request that every member who possibly can be present and bring a friend.

The following program will be carried out:

Congregational Singing.
Number by Ladies Quartet.
Scripture Reading—James 5:13-20 by Mrs. Vaughn.
Prayer.
Solo—E. D. Marvin.
Four 5-minute talks by Mrs. Thomas W. Phillips, Mrs. H. D. Lackey, Mrs. Mary Hood and Harry W. White on the topic of the evening.
Number by Ladies Quartet.
Benediction.

Give Reception To New Pastor

Central Presbyterian Congregation Extends Greeting To Dr. Wingerd

SEVERAL HUNDRED ATTEND EVENT

Several hundred members of the Central Presbyterian congregation, as well as representatives of numerous other congregations of the city, took part in a reception extended to Dr. Charles B. Wingerd and wife at the Central church on the public square on Tuesday evening.

After an informal greeting to those attending, the reception program was carried out in the main auditorium of the church, which was filled for the most interesting event.

George R. McClelland, clerk of the church session, presided as master of ceremonies for the evening.

Paul Welsh, chorister of the congregation, led in the number of church songs, with Mrs. J. Johnston Fisher presiding at the organ.

Prior to the opening of the formal program, the Sunday school orchestra played a number of pleasing selections. The orchestra also aided in the accompaniment to a number of the congregational singing selections, having an important share in making the evening the wonderful success it turned out to be.

The opening prayer was made by J. M. Bright, a member of the session, and a vocal solo by Miss Catherine Lewis followed.

Extend Greetings.

On behalf of the session and congregation, James G. Leslie presented greetings to the new pastor and wife in a most fitting brief address.

Mrs. Thelma Probst of the Central Presbyterian choir, sang a solo that was well received.

On behalf of the ladies of the congregation and ladies' organizations of the church, Mrs. Oscar Rhodes made a short address of greeting to the pastor and his wife.

The orchestra rendered a special selection, and the remainder of the formal reception was devoted to hearing greetings extended by various visiting pastors and the response of Rev. Wingerd and his wife. Among the pastors who spoke were Dr. E. A. Crooks of the Reformed Presbyterian church, Rev. D. C. Schnebly of the Mahoning Presbyterian church, Dr. S. E. Irvine of the First United Presbyterian church, Rev. A. J. Randies of the Second United Presbyterian church, Rev. G. C. Fohner of the First Presbyterian church and E. J. Berquist of the City Rescue Mission.

All spoke very highly of Dr. Wingerd and the Central congregation and extended a real welcome to the new pastor and his family.

Response By Pastor.

In responding to the greetings, both Rev. Wingerd and his wife made brief addresses that greatly impressed the members of the congregation with the prospects for an excellent and harmonious pastorate during the years to come.

Before the close of the program, George E. Lyon announced that there was a surprise in store that had not been on the original program. Accompanying Mr. Berquist to the meeting were Rev. G. A. Leichliter and Peter Quartel, who are conducting services this week for the city mission, and who are excellent vocalists. They were prevailed upon to add a number of contributions to the program, singing a duet and being obliged to respond with an encore.

Following the formal program, refreshments were served to all, and a social hour enjoyed. Members of the Central Circle were in charge of the refreshment feature.

The church was nicely decorated for the occasion, many beautiful flowers being used with effect.

Mrs. Rhinehart 89 Years Of Age On Next Friday

Many local residents will remember Mrs. Edward Rhinehart, a resident of this city for the greater part of her life until last July, when she and her husband went to Youngstown, O., to reside with a daughter at 608 Belmont avenue.

Mrs. Rhinehart will on Friday, Oct. 15, observe the 89th anniversary of her birth at that place and it is anticipated that she will be remembered on this occasion by many of her friends here, both in a personal visit and by congratulations.

Mr. Rhinehart will be remembered in particular by the railroad men of this city because of the many years that he spent at the West Side station of the Pennsylvania railroad.

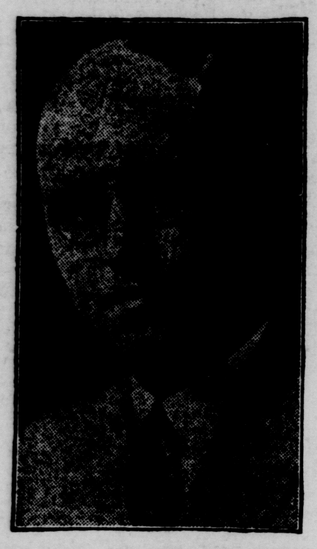
for the Community Dinner to be Held in the CONSISTORY CATHEDRAL

October 28th



Harvey T. Hill

Harvey T. Hill, general secretary of the Illinois Chamber of Commerce and a former Pennsylvania boy, will return to his home state to address the 2,500 persons expected to attend the Chamber of Commerce dinner in New Castle on October 28. Mr. Hill has been secretary of the Illinois organization for six years.

The Illinois Chamber of Commerce has memberships in 172 Illinois cities and towns and is known as one of the most active state chambers in the United States. As a result of its record for achievements it has strong backing throughout Illinois and has made excellent growth.

Mr. Hill, whose parental home is still at Sandy Lake, Pa., is a pleasant and forceful speaker and his long experience in chamber of commerce work guarantees that he will bring a real message to New Castle.

Dr. Charles M. Thompson

Charles Manfred Thompson is Dean of the College of Commerce and Business Administration at the University of Illinois. His college has an enrollment of something over twenty-three hundred students, while the total enrollment of the University just passes ten thousand.

He has received the degree of Bachelor of Arts and Master of Arts and Doctor of Philosophy from the University of Illinois. One year of his graduate study was spent at Harvard University. For the past sixteen years he has been a member of the faculty at the University of Illinois. In 1919 he was advanced from Professor of Economics to Dean of the College of Commerce. Two years later he received the honorary degree of LL. D. at the June Commencement of Muskingum College of Ohio, which conferred the same degree upon the late President Warren G. Harding at the same time.

Dean Thompson is a member of Phi Beta Kappa, honorary literary fraternity; Beta Gamma Sigma, honorary Commerce fraternity; and Delta Chi, national social fraternity. He is now serving his second term as a member of the Illinois Educational Commission. He is one of the founders and a former vice-president of the Illinois Chamber of Commerce, in whose work he has always taken an active part. In furtherance of Chamber of Commerce work, he teaches each year a class which has for its object the preparation of young college men for careers as Chamber of Commerce secretaries. He is one of the charter members and the first president of the Urbana Rotary club. WHO'S WHO lists him as an economist, historian, educator, author, and soldier, in view of his research work in economics and history, the numerous books and articles which he has written, and his service in the Spanish-American War.

J. H. Hudson

J. Heber Hudson, secretary of the retail division of the Illinois Chamber of Commerce, Chicago, will be one of the speakers at the Chamber of Commerce dinner to be held in the New Castle Consistory Cathedral on the evening of Thursday, October 28th. Mr. Hudson was for eleven years secretary of the Chamber of Commerce at Bloomington, Ill., and during that time it gained wide renown for the remarkable results it achieved and has been referred to as the best managed chamber of commerce in any middlesized city in the United States. Mr. Hudson is a fluent speaker and has a wide reputation as a story-teller. He has assisted in recent months in organizing a number of chambers of commerce in various cities in the central west. His work with the Illinois Chamber of Commerce is to organize the retail merchants of the state into a department of the state body which will work for their business and financial betterment.

Hazing Will Continue At Columbia University

By ARTHUR C. WIMER,
(New York Correspondent, New Castle News)

NEW YORK, Oct. 13.—Columbia University in the city of New York, one of the greatest institutions of learning in the world, will permit hazing among members of the undergraduate classes. This decision has been reached at last after an official referendum conducted under the rules of student government indicated that students of the two lower classes favored by a large majority the complication and enforcement of rules by sophomores governing the first year men.

The referendum came as an aftermath of much publicity and editorial comment in the columns of New York papers and of the Columbia Spectator, the official publication of the school. For many years it has been the tradition at Columbia that the entering freshmen be governed by a set of rules drawn up by the sophomore class. These rules were sometimes humorous, frequently ridiculous, but always to be obeyed.

Always to be obeyed in the eyes of the critical sophomores, never to be obeyed in the eyes of many freshmen. Hazing of the rebellious first year students resulted, good natured punishment and contests, usually taken as given, without resentment.

With the opening of the present fall term, however, complications became apparent when the enthusiastic sophomores attempted to enforce their rules. From the ranks of the freshmen arose a wail of protest. Letters to the editor of the Spectator declaimed violently that members of the first year class were being treated with brutality. Solicitous friends throughout the city immediately took up the quarrel and through editorial pages attacked Columbia for permitting such practices.

Officials of the student body government investigated all reports of such brutal treatment and reached a conclusion that they were not based upon facts. Feeling at the school continued to run high, however, and at last the governing board announced that a referendum would be held to determine whether or not freshmen rules and the accompanying hazing would be abolished. Members of the two under classes only were allowed to vote.

The results of the referendum were an overwhelming victory for those who favored retaining the traditional freshman rules. A vote of almost three to one awarded the decision to the Sophomore class. The rules and hazing will continue in practice, an official institution of Columbia.

Girl Deserted By Fiance And Gems Also Go

BUENOS AIRES, Oct. 13.—Some girls are left waiting at the church, but Senorita Maria Laura Labore, of Buenos Aires, was left waiting at a jewelry shop. Not only that, but her fiance, Hector Julio Nunez, got away with Maria's jewels, valued at approximately $2,500.

Nunez had been engaged to marry Senorita Labore. The marriage received the sanction of the girl's family, the date was set, and the arrangements made at the church.

On her wedding day, Maria received a telephone call from Nunez, asking her to meet him at a jewelry shop, and to bring along her jewelry, as the groom wanted an expert to make sure that the bride's jewels were in good condition.

Nunez received the jewels, excused himself, and left the shop by a side door. Maria waited for two hours. Then she went home. For the first night in six months, Nunez did not show up. The next day, accompanied by her parents and a policeman, Maria went to Nunez's home, where she found that he had left for Rosario the day before, accompanied by his wife and three children.

Nunez was arrested in Rosario, and is awaiting trial here.

Historic Dwelling Being Dismantled

KITTANNING, Pa., Oct. 13. — One of Kittanning's early dwellings, dating back more than 100 years, is being dismantled to make way for a row of 12 garages on the Rupp property here. John A. Rupp, owner of the house, says that the landmark is more than 100 years old. The house has been untenanted for a number of years but substantial materials were used in its construction and it is considered to be remarkably preserved.

Birds' Nests Stop Freeland Town Clock

FREELAND, Oct. 13.—Father J. H. Brinsky, pastor of the Greek Catholic church here, has obtained clock workers from out of town to devise means of preventing birds from nesting in the clock tower.

The feathered visitors have been so busy their nests have stopped the mechanism, and repairs to be made will include enclosure of the machinery.

Your Sick Child is Constipated! Look at Tongue

Hurry, Mother! Remove poisons from little stomach, liver, bowels

Give "California Fig Syrup" if cross, bilious or feverish

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that the little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Fig Syrup", and in a few hours all the constipated poison, undigested food and sour bile gently moves out of the little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless, "fruity laxative" because it never fails to cleanse the little one's liver and bowels and sweeten the stomach, and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Fig Syrup"; then see that it is made by the "California Fig Syrup Company".

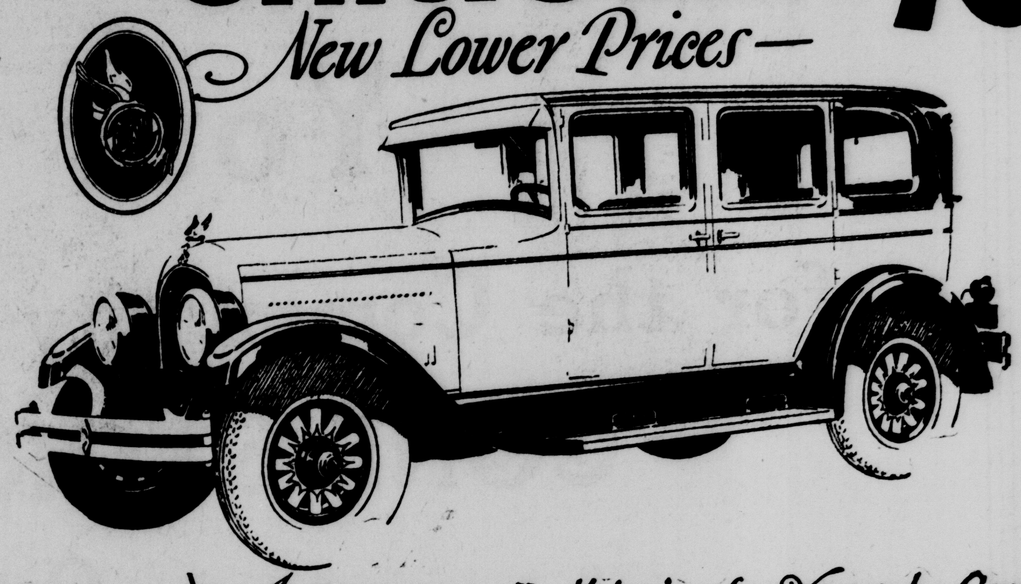
The NEW FINER **CHRYSLER "70"**
New Lower Prices—



Presenting a New Influence on all Motoring for Years to Come

Newer, more distinctive silhouette—
Newer, more exquisitely graceful bodies—
Newer, exclusive style of military front and cadet visor on enclosed models—
Newer luxury of comfort with deeper and softer cushions—
Newer, greater riding ease, with exclusive no-side-sway vanadium springs, Watson stabilators and extra-size full balloon tires, mounted on newly-designed smaller wheels—
Newer richness of interior upholstery. Finer hardware and fittings with a handsome clock added to the newly beautified instrument panel—
Newer refinements in controls and headlamps—
Newer, more attractive blendings in body tones, with newer and subtler harmonies in stripings and panelings.

Again, with the *new, finer* Chrysler "70", Chrysler creates a distinctive departure in design and a new measure of value for an industry to follow.

Today, while attempts are still made to match the first Chrysler standards of performance and symmetry originated three years ago, the *new, finer* Chrysler "70" excels the charm and smartness of its older self, just as that older self relegated the earlier conceptions of motor car beauty and performance to oblivion.

With its new vibrant beauty, joined to energetic and vivacious performance, unapproached economy, proved dependability and long life—*at prices which register a distinct enhancement of motor car value*—the *new, finer* Chrysler "70" leaves today's trend as far behind as the original "70" advanced the styles of three years ago.

Come in. See this new Chrysler "70" beauty today—experience its new measure of comfort—combined with a performance which an entire industry for three years has failed to approach.

To Show Fight Pictures In Pen

(International News Service)

PHILADELPHIA, Oct. 13.—Convicts at the eastern penitentiary here were elated today over the decision of Alfred W. Fleisher, president of the board of trustees of the prison, granting the prisoners the privilege of seeing the Dempsey-Tunney fight pictures.

A Philadelphia theatre has made arrangements for showing the pictures at the prison.

The prisoners also had the privilege of listening to the Dempsey-Tunney bout in the sesqui-centennial stadium over the radio. A large radio set, with a loud speaker making the announcements audible in all parts of the prison, was installed to give the fight to the convicts.

"Weather Bill" Says Nice Warm Weather

(International News Service)

KANE, Pa., Oct. 13.—The man who foots the coal bills this winter, will not have to dig deep into his pockets if what William Altman, of this city, known the country over as one of the best weather prophets and woodsman, says is true.

According to "Weather Bill" as he is known hereabouts, basing his predictions on his knowledge of wood lore, predicts that mild weather will prevail until December. Followed by only six weeks of "real winter." Spring will come early, he said. Altman believes that the south will bear the brunt of the cold weather this winter.

"Bill's" predictions on the weather are remarkably accurate, his friends say and he has few equals in this line.

ORDER ALL DOGS ON STREETS, SHOT

(International News Service)

ARNOLD, Pa., Oct. 13.—Persons who have pet dogs are keeping them indoors since local health authorities have ordered all dogs found running at large shot. This action was taken by health officials following the finding of two cases of rabies in the city recently.

SEARCH FOR SLAYER OF WARREN MAN IS SPURRED BY REPORT

WARREN, Pa., Oct. 13—Authorities of Elk and McKean counties scoured the countryside around Ridgway, Dubois and other nearby towns today hopeful that they were closing in on the slayer of Dominick Scopellitti whose dismembered body was found in a barrel on a dump near Johnsonburg Saturday. A report has reached police that the slain man had a dispute with another man over an alcohol deal a few days before he was killed.

A coroner's jury returned a verdict of murder, but no evidence was introduced to indicate the identity of the slayer.

Luthern Pastors Meet At Ambridge

Rev. F. E. Stough of New Castle Presides At Conference

AMBRIDGE, Pa., Oct. 13.—More than 40 ministers attended the meeting of the West conference of the Pittsburgh synod of the evangelical Lutheran church in session in Zion church here yesterday. A paper on the "Tenth Article of the Augsburg Confession" was read by Rev. L. J. Baker of Ellwood City and a general discussion followed, led by Rev. Albert G. Fisher. Rev. F. E. Stough of New Castle, president of the conference, presided.

At the afternoon session Rev. Dr. Ellis B. Burgess of Crafton, president of the Pittsburgh synod, delivered an address. The conference embraces the Lutheran congregations in Beaver, Butler and a part of Lawrence counties and several churches in eastern Ohio. The meeting will close today.

DESPONDENT MAN HANGS SELF

GREENSBURG, Pa., Oct. 13. — Despondent over his inability to pay off a mortgage upon his home, Frank Beddick, 38, hanged himself in his home at Granishtown, near Herminie. His body, suspended by a belt in the stairway, was found by his wife. Besides his wife he leaves five children.

He Liked Pastry; Couldn't Eat It

Takes World's Tonic Then Satisfies Appetite

L. E. Sweet, 730 Chestnut St., City, employed at A. S. T. P. Co., says "There was not a day in which I did not have an attack of acute indigestion. Immediately after eating only a few bites of food, gas would form on my stomach. Then I would bloat until I could hardly get my breath.

"My stomach and abdomen were so sore that I could hardly bear the weight of my clothes. A few days out of each week I had a terrible sick headache which no doubt was due to my digestive organs.

"If I took a single bite of pastry or any rich food the severity of the attacks would be doubled.

"However, in a few weeks World's Tonic put my stomach in tip-top condition. After taking several bottles I was able to eat whatever I wanted—pie, cake, doughnuts, baked beans and other foods that only a healthy stomach can digest. Sick headaches disappeared as if by magic. I can honestly indorse World's Tonic to every person who suffers as I did.

Scarcely a day passes in which dozens do not voluntarily forward some written statements indorsing World's Tonic in terms similar to the above. World's Tonic is an appetizer. To the nerves and glands it is a tonic; it cleanses and enriches the blood; it encourages kidney action and enlivens the liver. World's Tonic is made from concentrated Herb juices.

PALS—PAT AND PETER

Somewhere Peter had heard that a Dog could smile, but he hadn't believed it. Now with his own eyes he proved it true, and the expression on Pat's face was so altogether merry that Peter's own mouth began to crinkle at the corners.

"What's the joke, Pat?" demanded he. Pat's smile grew broader.

"It makes me laugh to think what must have happened when they opened the box and found I wasn't in it. My, but I wish I could have heard what they said!"

"What box? Who said?" Peter was mystified. "It sounds interesting, Pat. Tell me the story!"

Truth to tell, Pat didn't need to be coaxed. Was there ever a traveller who wouldn't rather talk of his experiences than to eat? Pat was a Dog, but not a bit different from other folks. Bit by bit he told Peter all that had happened to him on his journey. But when the Dog came to the part where he made his dash for freedom the boy interrupted him.

"Did you know where you were heading for?" demanded Peter. Pat shook his touselled head.

"No, not I, and little was I caring!" barked he. Peter looked puzzled.

"Then I can't understand why you took all the trouble to run away," said he. "You didn't know where you were going on that train, but at least you knew you were bound for some home—some nice home, doubtless, or there'd not have been such pains taken to get you there in safety. Why didn't you wait and see what the journey's end would bring you? Starting off 'on your own' as you did was foolish, seems to me. Suppose you'd met no one, grown sore

"I'D RATHER CHOOSE MY OWN PAL AND TRAMP THE ROAD BY HIS SIDE."

of foot and hungry as could be! At least in the baggage car you were sure of plenty to eat and drink. What made you take such a chance?"

Pat's grin was now so wide that every one of his milk white teeth showed. Snuggling up to the boy's side, he laid his head upon Peter's shoulder.

"I'd rather choose my own pal and tramp the road by his side than lie in ease in a beautiful home with a master I'd not be liking!"

Peter heard, low as Pat spoke, and his heart was almost as near to bursting with joy as the small brown Dog's. Pals—he and Pat. Each of that now was certain.

"Strong Man" Crushed Supporting Motor Car

PENN YAN, N. Y., Oct. 13. — Physicians reported Otis Dowland, strong man, in a critical condition in the hospital here today with serious internal injuries sustained at the county fair at Dundee. He underwent an operation late last night.

Dowland was crushsd when an automobile stalled while being driven over a plank he was supporting on his stomach and the weight was brought to bear fully upon his abdomen.

Authorities are trying to locate relatives. He is believed to have served in the navy in the World War and his home is in Alabama.

KANE GLASS PLANT IS AGAIN TO OPEN

KANE, Pa., Oct. 13. — The big plant of the Interstate Window Glass factory No. 1, known as the Kane works, will go into blast on November 6, employing approximately 350 men. Since its shutdown several months ago the plant has been enlarged and improved. There is much complaint among window glass manufacturers that the low tariff on glass is making foreign competition with its cheap labor a disturbing factor in the industry in this country. It is the immense importation of foreign-made glass that is keeping many factories in this part of the country idle, it is said.

HIGH FOOTBALL TEAM PREPARES FOR BUTLER

Hard Workout Held Tuesday

Earl Turk Rejoins Squad And May Break Into First String Line-Up

LONG SCRIMMAGE SESSION STAGED

By "BUGS" WALTHER

With the Butler High game on tap for Saturday afternoon, the New Castle High gridders are down to intensive training for the battle that is expected when Coach Wiggins unleashes his Blue and White combination at Ben Franklin High stadium.

The squad, after a short practice on Monday afternoon, resumed their scrimmage work Tuesday with this manner of training being indulged in for over an hour. The boys were drilled on offensive play for the most part, with several new plays being dished out by the mentor.

The New Castle squad was further strengthened on Tuesday when Earl Turk, last year a varsity halfback, reported for practice and was used at quarterback on the second team. Turk was declared ineligible prior to the start of the season due to scholastic standing, and it was feared for a time that he would be lost to the team for the entire season, but the scholastic work has been made satisfactory and the officials have given the popular young athlete a clean bill of health. It is more than likely that as soon as Turk rounds into shape he will be used in many of the games at a halfback or quarterback. Turk is a stocky built youth, weighing around 160 pounds, and is considered a first-class line plunger.

Two Backfields

With Turk back in harness Coach Bridenbaugh has two complete sets of backfield material on hand. For the first string team Bridenbaugh has been using Sillman at quarter, Richards and Klaber at the halfback posts, and Harper at fullback, and in case the going gets too rough for the first string boys the coach has Dickson, Turk, Smith and DiThomas to replace them. Both sets of backfield men are first-class caliber and it may be found necessary to utilize the entire eight men in many of the remaining games.

Not in the past several years has the local school been blessed with such offensive strength. The boys who are now occupying varsity berths have shown a marked improvement in regard to this important point in their past few games, and now that another backfield has appeared on the scene it can readily be seen that the locals are not worrying over the backfield problem.

New Castle High, so far this year, has scored a total of 114 points against six for their opponents. The East High team was the only team able to cross the local goal line, and that touchdown came after a fluke had permitted them to do so. Slattery, the visitors' halfback, it will be recalled, grabbed a forward pass thrown by Sillman and raced 80 yards for the coveted touchdown, which cannot be classed as an earned marker.

The locals hope to defeat Butler High Saturday for the very simple reason that Mars High turned the trick on the "Soapminers" last week by a score of 6 to 0. New Castle High tied with Mars, 0-0, and should New Castle run up a big score on Butler the deadlock with Mars High will be somewhat shoved into oblivion.

Another hard workout is on the program for this afternoon and for the remainder of the week, was the way Coach Bridenbaugh put it on Tuesday when interviewed.

Dempsey Plans Test Campaign

If He Can Get In Shape He Will Fight Tunney

NEW YORK, Oct. 13.—Jack Dempsey, dethroned champion of the heavyweight boxing world, will fight his way back to a bout for the heavyweight title or retire from the ring permanently.

This he made known in an interview in his hotel here. The former champion appeared to be in the best of health and the discolorations on his face, the reminders of the beating he took from Gene Tunney at Philadelphia, are entirely gone. He looked fit to climb into the ring today and put up a great fight.

"I expect my legal troubles will be over in about three weeks," Dempsey said, "and then I will return to my home in Los Angeles and start training. I expect to work there two or three months. If at the end of that time I feel fit, I will start fighting. I will make a tour, taking on all comers. I don't expect to make money. I may lose some, but I want to test my fighting mettle and determine if I have the stuff left.

Still Buoyant.

"I don't think I need this campaign to make myself the logical contender for another fight with Tunney," the ex-champion said. "I believe I'm that now. I have Tunney's assurance he will give me another chance. But I want to prove to myself that I am the logical challenger and that I am fit to show my best." Dempsey asserted he would not fight at all if his training period convinces him his old fighting ability and spirit are gone.

"Bear this in mind," Dempsey continued. "If I fight Tunney again it'll be a fight. I'll be as good as ever or there will be no match at all. And if Tunney beats me again, I'll hand him the credit he deserves. He beat me fairly at Philadelphia and he fought a good fight, but he'll have to fight a much better one if we meet again."

Veteran Captures Long Race By Six Minute Margin

PORT CHESTER, N. Y., Oct. 13.—Clarence H. De Mar, Melrose, Mass., veteran, raced to victory yesterday in the New York to Port Chester marathon over a field of some three score distance runners.

The 38-year-old De Mar, former national champion and four times winner of the Boston Marathon, led his nearest rival, Albert (Whitey) Michelson of the Cygnet A. C., Port Chester, by more than six minutes at the finish, being clocked in the fast time of 2 hours and 38 minutes 30 3-5 seconds for the course of 26 miles, 385 yards. Victor Glance of Detroit finished in seventh place.

Most Valuable Player Controversy Now On

By NORMAN E. BROWN

The annual custom of selecting the "most valuable man to his team" in each of the major baseball leagues brings up an interesting question this year. Should the work of a given player in the world's series at the close of the season be considered in weighing his eligibility for the honor against the claims of players of other teams?

Most assuredly not.

The eligibile candidates on the other seven teams cannot be handicapped for the failure of their teams to win the pennant. The inclusion of the world's series efforts of the fortunate player in the consideration of his team plainly places the others under such a handicap.

Or put it the other way.

Was Roger Peckinpaugh's value to the Washington team during the regular season of 1925 lessened by his bobbles in the world's series? The regular playing season of 154 games and the interleague series of a few are two separate and distinct affairs.

And here we have a concrete case.

George Uhle, star pitcher of the Indians, won 27 games and lost but 11 in 1926 for that team, which failed to win the flag by but a few games.

Herb Pennock, southpaw star of the Yankees, won 22 games (five less) and lost 11 (the same number) while the Yanks were winning the pennant.

Why weigh Pennock's victories in the world's series when Uhle, through no condition which he created, was unable to test his skill in such an event?

Obviously the matter must be decided upon the showing of the men in the regular playing season—an open race.

The general impression of batters in the recent world's series that both Grover Alexander and Jess Haines of the Cardinals sprung some new pitching "stuff" on the Yankees is interesting. Those who watched the vets in action say that Alexander depended largely upon a fadeaway which he added to his repertoire but a few months ago—to take the place of his once famous speed ball. Haines, it is said, resorted to a knuckle ball, the likes of which no Cardinal player had seen the vet toss—at least in such profusion.

I am interested in the rumor that Jack McAllister, chief aide to Manager Tris Speaker of the Cleveland Indians, may manage the Boston Red Sox next season. If not the Red Sox, possibly the Browns. Both teams are due for new pilots in the minds of most baseball folk.

McAllister has never managed a fast minor league or big league team, but no one will gainsay his ability as a leader. He shoulders most of the detail work for Speaker and is given much of the credit for the development and maintenance of the Indian infield. He knows how to keep harmony on and bad ball players off a ball club and comes of the old school which called upon a man to play baseball as though he liked it and not by the time clock.

Incidentally, Jack has a fund of good baseball stories in his system and tells them in an entertaining way.

Wrestlers To Stage Elimination Series

LOUISVILLE, Ky., Oct. 13.—A series of elimination bouts between heavyweight wrestlers will be presented in Louisville during the fall and winter, it was announced last night by the Southern Athletic Club. The first match will be offered October 22 when Jimmy London, Chicago matman, meets an opponent to be announced later.

The elimination series will culminate in a match between Joe Stecher, claimant of the heavyweight title, and the tournament winner, it was announced.

Sandy Lake Is Next Opponent For Wilmington

(Special To The News)

NEW WILMINGTON, Pa., Oct. 13.—Highly pleased by their showing against Sharon High School at Sharon last Saturday, the New Wilmington High football team is now in the midst of preparations for the contest with Sandy Lake High at Sandy Lake Saturday.

Student Manager Matt Gilliland of New Wilmington, announced on Tuesday that arrangements have been completed to have Sharon play on the Westminster College field next fall.

The contest Saturday was a thriller and according to New Wilmington fans who witnessed the game, the Blue and Gold deserved to win or at least a tie. New Wilmington scored first and it was only through bad breaks that the Orange and Black triumphed.

Bill James, Herriott and Anderson suffered slight injuries but they are expected to be ready to go against Sandy Lake.

Flaherty Injured, Out Of Yale Grid Eleven At Present

New Castle Boy Member Of Yale Grid Machine On Injured List

According to a story appearing in the New York Times, John Preston Flaherty, son of Mr. and Mrs. P. J. Flaherty of Berger Place of this city, and a Junior at Yale, is on the injured list and unavailable for service with the powerful Yale grid machine.

The story in part says that Flaherty a reserve guard and tackle on last year's eleven suffered a dislocated left elbow in dummy scrimmage and that he has been laid on the shelf for the time being, further weakening Yale's chances for victory in the Dartmouth game scheduled for this Saturday.

Along with Flaherty, Webster and Sturges are also on the injured list, which will necessitate the using of scrub material in the big game of the season with the strong Green combination.

Flaherty while only a reserve player last year won his letter, according to the Times story, and was figured on for a permanent varsity berth this year.

Tin Mill Duckpin League To Open

Friday evening, October 15 will mark the opening of the fifth season of the American Sheet and Tin Plate Company's Duckpin league. A meeting of the members and officers of the league was held some time ago at which officers were elected to serve for the year. Those officers were as follows:

President—John Crombie.
Vice president—Harry Jones.
Secretary—F. R. Cartwright.

A team committee was appointed at that time to divide the members of the league into teams. Four teams were chosen and each team was assigned eight men, some members of each team will of course have to alternate in the different games. Every Friday night two teams will oppose each other for a three game series. These games are played throughout the winter until the winners are determined.

The different teams and team members are to be as follows:

Office—Smith, Allsopp, McCarthy, Elliot, Cioffi, Jones, Gwilymn and Ritter.

Hot Mill—Douglas, Roth, Bowman, Hoskins, Dodds, Whitlatch, Tate and Wood.

Tin House—Ellis, M. Davies, Cartwright, Eckles, McFarland, Sinkner, Black and Shiflett.

Shipping—Gregor, Raney, D. Davies, Kastner, Haynes, McCormick, Bevan and Evans.

The captains of the teams will be elected at a later date.

The first real football championship among American colleges was won by Yale just 50 years ago, when the Elis scored gridiron victories over Harvard, Princeton and Columbia.

Wills Only Shell Of Former Terror Loses Bout To Jack Sharkey

"Black Panther" Of Gotham Fouls Sharkey And Referee Stops Bout

Sharkey Displays Real Cunning Against Heavier Opponent

BY DAVIS J. WALSH
Sports Editor Internat'l News Service

NEW YORK, Oct. 13.—Men have been known to stand in awe before the bust of Caesar but to me that's a large laugh for I saw the bust that was Harry Wills last night and I think that makes me a connoisseur. It would have been a prize to any collector of rare and well done works.

Harry was excedingly well done and his face was bloody rare in the 13th round when he committed the last of a lengthy series of flagrant fouls and Referee Patsy Haley awarded the bout to Jack Sharkey of Boston, after 12 rounds and 43 seconds of fighting, or whatever it was. It was a terrible fight and Harry Wills proved to be a terrible fighter.

He was the same Wills who harased one heavyweight champion out of his title and forced his successor to seek that haven of refuge known as the color line; the same Wills whose name prompted governors and men high in the counsels of political intrigue to shudder convulsively and reach for the pulse warmer.

He was the same Wills he always has been, a terror if they allowed him to use the polite ethics of the barroom. But they didn't let him do it last night and Wills didn't win a round of the 12 and a fraction that were fought.

And so the swan song of the man who caused more trouble within the temple of fistiana than any other individual in history was sung and it was one, prolonged sour note. The writer enjoyed a weak moment at the end of the third round and feeling a bit charitable, called the round even.

The rest were all Sharkey. He courageously carried the right to the man who outweighed him by 26 1-2 pounds, left hoked his jaw almost closed his eyes and pounded his body until it quivered and shook and quailed under the impact. Sharkey apparently knew what many another has professed to know these five years, yet hesitated to prove. It seemed that Sharkey knew Harry Wills couldn't fight a lonely lick.

Officials For Game Saturday

Faculty Manager Ralph H. Gardner announced today that "Ted" Fry, former Pitt star, would referee the Butler game here Saturday.

It was also announced that Donald Parsons of Geneva would act as umpire, and that Sherger of Beaver Falls would be the head linesman for the Saturday contest.

The game Saturday will start at 2:30 o'clock eastern standard time.

BOSTON, Oct. 13.—A driving Fordham team, conqueror of Manhattan college last Saturday and dubbed one of the best elevens representing that school in several years, was unable to break up the forward passing attack of Boston college yesterday and was defeated, 27 to 0.

Columbia Wins Fishermen's Race

GLOUCESTER, Mass., Oct. 13.—The Schooner Columbia, by defeating the Schooner Henry Ford in the fisherman's race in the Atlantic off this port yesterday, is acclaimed champion of the American Fishing Fleet.

The Columbia got away to a poor start, but overtook the Henry Ford and won with near five-eights of a mile lead. The times were: Columbia 3:34:18, Henry Ford 3:39:38.

The Columbia will be put forth as a challenger against the winner of the Bluenose-Haligonion race, to be held off the coast of Nova Scotia.

Rick-Overland Girls Reorganize Basketball Team

Girls Meet Tuesday Night And Plan For Coming Floor Season— Elect Officers

The Rick-Overland girls basketball team held their initial meeting of the year at the home of Miss Myrtle Burnett in the Knox-Long and Moorehead building on Tuesday evening for the purpose of reorganizing for the coming floor season.

It was decided at the meeting that the girls would form a club this year to work in conjunction with the Rick-Overland team, and Miss Jennie Johnson was named as treasurer of the club. The club will in part help in the financing of the basketball team.

At an election of officers for the year Miss "Toots" Swinehart was named as manager of the team and Miss Eleanor Travers as assistant manager. "Jewie" Coen who has coached the team for the past three years was re-elected to that position for another year.

The following girls will compose the Rick-Overland team this year: Miss Myrtle Burnett, Miss Jennie Johnson, Miss Anna Patterson, Miss Rhoda Leslie, Miss Louise Kirker, Miss Edith Hamilton, Miss Eleanor Travers and "Toots" Swinehart. All of the girls who reported for the meeting last night were members of the team in 1925.

Following the election of officers basketball was the main topic of discussion among the girls, and a temporary program was outlined for the season.

The girls hope to play some of the best girl teams in this section again this year. It will be remembered that last year the girls met and defeated many teams of high caliber.

Football Notes

(International News Service)

NEW HAVEN, Conn., Oct. 13.—Several of Yale's regulars today were none too sure of starting in the Dartmouth game on Saturday as a result of the varsity's weak attack against scrubs yesterday. The regulars made only one touchdown and that on a fumble.

HANOVER, N. H., Oct. 13.—The Dartmouth coaches today concentrated on improving the charging of the linemen, whose offensive work is regarded as unsatisfactory. A stiff workout was on the card today in preparation for the Yale game.

SYRACUSE, N. Y., Oct. 13.—The Orange eleven will get its final workout for the Army game today when the varsity plays both the scrubs and the freshmen.

PHILADELPHIA, Oct. 13.—Anticipating a hard battle with Chicago Saturday, the Pennsylvania coaches ordered another long scrimmage for the Red and Blue eleven today. Fumling appears to be the team's worst shortcoming.

CAMBRIDGE, Mass., Oct. 13.—Harvard is not worrying about Saturday's game with William and Mary, but is pointing toward the Dartmouth contest. The coaches were elated today by the varsity's work in scoring five touchdowns in yesterday's scrimmage.

PRINCETON, N. J., Oct. 13.—A crippled Princeton eleven will face the Navy Saturday as a result of the loss of Jake Slagle, star back, through injuries. Ed Wittmer, another triple threat man, also is out and Captain Johnny David probably will not start.

ANNAPOLIS, Md., Oct. 13.—Schuber, who starred in yesterday's scrimmage, may replace fullback Shapley in the Princeton game, the Navy coaches intimated today. Shapley has not yet rounded into condition.

NEW YORK, Oct. 13.—Light workouts, mainly to perfect the Blue and White's defense, will be ordered for the Columbia eleven in preparation for the game with Ohio State on Saturday. Kaplain may replace Rieger at quarterback.

WEST POINT, N. Y., Oct. 13.—Intensive workouts are scheduled for the Army squad today and tomorrow to put the team on edge for the Syracuse contest, which the coaches regard as one of the hardest games on the Army schedule. No open practices will be held this week.

STATE COLLEGE, Pa., Oct. 13.—Penn State's chances of victory against Notre Dame on Saturday are brighter today following the return to the squad of two veterans, Jack Filak, tackle who had been ineligible, and Captain Ben Weston, who was injured.

Fellow-Townsmen Honor Jess Haines

DAYTON, O., Oct. 13.—Jesse Haines, star pitcher for the St. Louis Cardinals, winners of the World's Series, was taken home yesterday on the shoulders of his fellow townsmen amid cheering and the music of bands.

They swarmed to Dayton from the village of Phillipsburg, Jesse's home town, and took their idol home to pay him homage.

At Phillipsburg Mayor G. W. Clark met Jesse at the Haines garage and welcomed him home and presented him with the key to the village.

Bo McMillin's Geneva college gridiron squad was evidently the strongest team that ever opened a Harvard football schedule, since their defeat of the Crimson this season was the first occasion in which the latter ever failed of victory in their opening game.

Attendance figures indicate that professional football will have a long way to go before it will rival the college game in popularity.

Gridiron Oddities

By Feg Murray

Almost "anything can happen" in football as well as golf, as will be seen from a perusal of the following incidents. Even though the gridiron is regulated in its dimensions, nature often gums up man's plans, as well as his best efforts to keep the playing surface in even fair condition.

In the Northwestern-Michigan game last November, the conditions were probably worse than in any other football game played in recent years. Each and every player was coated with mud in the first few minutes of play, and a Michigan man looked just the same as a Northwestern man. It was no wonder, then, that Captain Tim Lowry, of Northwestern, the man whose strategy later in the game in ordering a safety probably prevented a Michigan victory, tackled one of his own team-mates who had grabbed a Wolverine fumble and was splashing on to a touchdown.

As for Bemis Pierce, he knew that he was attacking an opponent from Yale all right; the only trouble was that the giant Indian was not in the game at the time, having been put out for repeated violations of the rules. This was back in the days before Pop Warner went to Carlisle as coach, and the Indians didn't know much about football, but oh, boy, how rough they could be! Pierce thought of nothing but that a Yale man was dashing along the side-lines with the ball, so he jumped back into the fray to execute a beautiful, but surprising tackle.

Another one for the book occurred in a high-school game last year, between Fairview and Farmington, in West Virginia. On the second play after the kick-off a youth in civilian clothes walked up to the Fairview center and demanded the ball, the Farmington team thinking him an official about to penalize their opponents. He started pacing towards the Farmington goal line, and after passing the safety man, suddenly ran the remainder of the distance with the ball. He was Fairview's captain in disguise, and he thus made the only score of the game. Tricky, what?

Feg Murray Says—

Isn't it queer how so many of these colored college football games have to be called on account of darkness!

Motor Bus Driver Is Under Arrest For Reckless Driving

BUTLER, Pa., Oct. 13.—What proved the "biggest" motor arrest in the history of the local highway patrol, was made last night when the driver of the Pittsburgh-Cleveland motor bus was nabbed on the hill at McBride on a charge of reckless driving. The driver, Mace J. Burlingame, who gave his address at 2935 Woodland avenue, Cleveland, will appear before Alderman George R. Kearns for a hearing.

The arrest was made by Corp. R. S. Anderson of the highway patrol, and Patrolman W. H. Berringer.

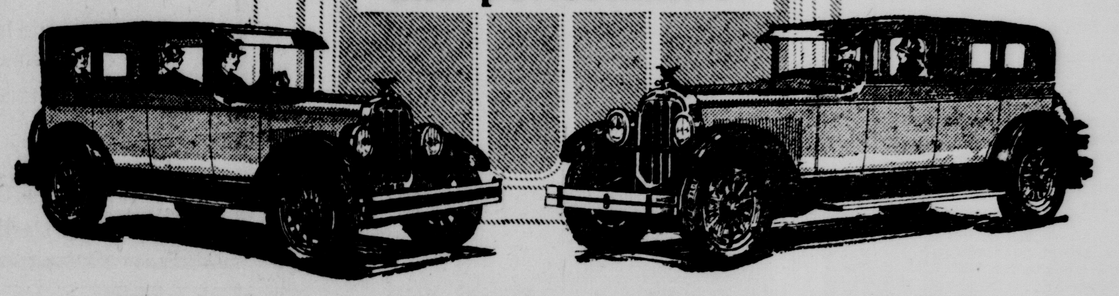
According to the officers the driver of the bus was not traveling at an excessive rate of speed at the time of the arrest, but was passing other motor vehicles without regard to the proper manner of doing so. It is understood that the driver of the bus has been warned repeatedly against reckless driving.

The first football club in the United States was organized in Boston in 1862.

The most impressive line of motor cars in America today, in style, comfort, price and performance!

The New 1927 Standard Six Sedan $995 f. o. b. Cleveland

The New 1927 Metropolitan Big-Six Sedan $1595 f. o. b. Cleveland



WALK clear around a new 1927 Chandler and study the car from every angle. What a picture of grace and charm, and perfect harmony of line, curve and color!

Step inside. Sink into the deep, rich cushions. Comfortable? Why, you've never felt more restfully at ease in all your born days!

Start the motor. Listen to that whispering murmur under the hood. Hardly a sound! A mighty mechanism purring like a kitten!

And *power*—say, when you tamp your toe on the go-trigger, you get the sensation of waking up all the power in the world.

Reel off the miles at any speed—you'll never feel the slightest vibration. And on hills that make the average car growl up in intermediate gear, give Chandler the gas and whiz up in high!

All models have the great "One Shot" system of centralized chassis lubrication; an air cleaner; an oil purifier; 4-wheel brakes; thermostatic cooling; self-adjusting spring shackles.

The cars themselves reflect the stability of a powerful company with no bonded indebtedness, no mortgages, no bank loans, no notes—and assets 20 to 1 over liabilities—stability that enables Chandler to offer finer cars at lower prices!

Continue Probe In Officers Slaying

(International News Service)

WELCH, W. Va., Oct. 13.—Scouting the theory that Deputy Sheriff J. D. Noel, 39, found shot to death on the Jenkins-Jones highway near here took his own life Sheriff McGinnis Hatfield today began investigation into the circumstances surrounding the finding of the deputy's body.

Hatfield pointed out that Noel was shot in the left temple, which the sheriff said indicated that the deputy a right-handed man, did not commit suicide.

Indications that Noel may have been affecting an arrest when shot down were seen in the fact that a pair of handcuffs was found near the body, and Noel's revolver had been discharged.

Missouri and Tulane universities have now played two football games and in each case the result has been a tie. Last year the score was 6 to 6, while this season neither team could score a point.

This season's game between Johns Hopkins university and the University of Pennsylvania was the first time that teams of these two institutions had met on the gridiron in almost 40 years.

A very long stocking would not hold all a girl wants, but frequently a pair of socks would.

WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

1st - - for 9 consecutive Years

For the ninth consecutive year Buick has won first choice of space at the National Automobile Shows.

This is Leadership! For this honor goes annually to the member of the National Automobile Chamber of Commerce with the year's largest volume of business.

Chance plays no part in this award. It is conferred upon the car which has found the most favor among the buyers of America—the car in which they have invested a plurality of their dollars.

It has gone to Buick every year since 1918 because Buick has built better motor cars, and continually put back the savings of increased volume and engineering development into still greater value.

Nine continuous years of leadership! For any other car to equal this would mean retaining continuous leadership until 1936—almost another decade.

The industrial history of America records no more brilliant achievement than these nine successive years of Buick dominance.

Removing Carbon~ ~Grinding Valves Grinding Valves ~ ~ ~Removing Carbon

-how much longer must these twin evils pick your pocket and mar your motoring enjoyment

TWO items alone—grinding valves and removing carbon—account for at least one-half the up-keep cost of the ordinary automobile . . . Every owner knows that . . .

The Willys-Knight Great Six wipes out all this expense . . . in its Knight sleeve-valve engine—patented, exclusive—there are no valves to grind—no carbon to remove.

Carbon cannot harm the engine of the Willys-Knight Great Six. Hence, carbon troubles, and the expense and inconvenience of remedying them, never enter into its owner's calculation . . .

In fact, the presence of carbon in the Willys-Knight sleeve-valve engine only serves to seal compression, to prevent waste of power . . . It is a desirable agent. Instead of hampering or harming, it *actually helps this engine to perform.*

Willys-Knight Great Six prices from $1750 to $2495. Prices f.o.b. factory and specifications subject to change without notice. The Willys Finance Plan offers unusually attractive credit terms. Willys-Overland, Inc., Toledo, Ohio. Willys-Overland Sales Co., Ltd., Toronto, Canada.

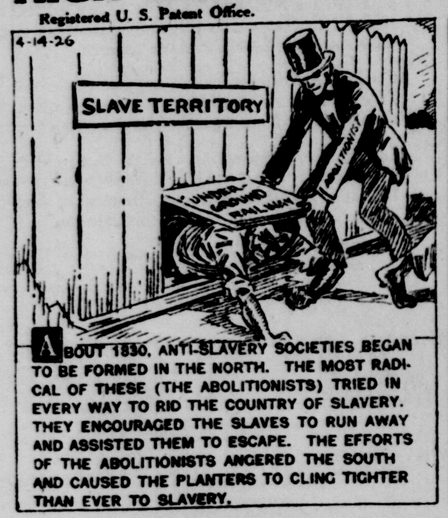
HIGH LIGHTS OF HISTORY

How Secession Came About—Part Three.

by J. CARROLL MANSFIELD

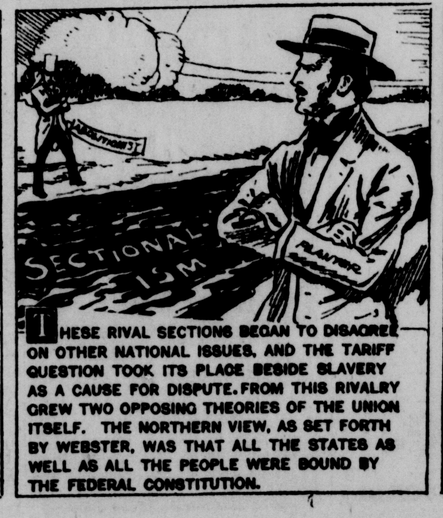
© McClure Newspaper Syndicate

Registered U. S. Patent Office.

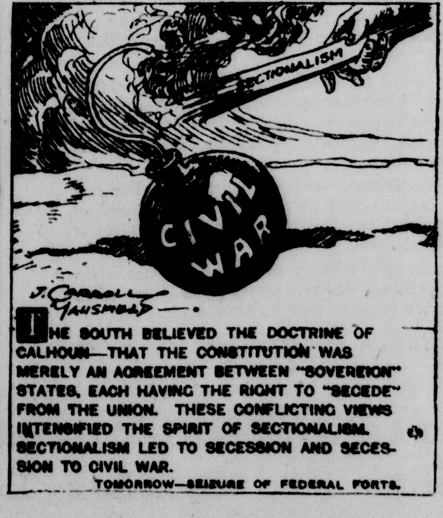


ABOUT 1830, ANTI-SLAVERY SOCIETIES BEGAN TO BE FORMED IN THE NORTH. THE MOST RADICAL OF THESE (THE ABOLITIONISTS) TRIED IN EVERY WAY TO RID THE COUNTRY OF SLAVERY. THEY ENCOURAGED THE SLAVES TO RUN AWAY AND ASSISTED THEM TO ESCAPE. THE EFFORTS OF THE ABOLITIONISTS ANGERED THE SOUTH AND CAUSED THE PLANTERS TO CLING TIGHTER THAN EVER TO SLAVERY.

WHEN OUR COUNTRY BEGAN TO EXPAND WESTWARD AND NEW TERRITORIES WERE BEING SETTLED, THERE AROSE A CONFLICT FOR THE SUPREMACY OF THE NEW LANDS BETWEEN THE "FREE-SOILERS" OF THE NORTH AND THE "PRO-SLAVERY" MEN OF THE SOUTH. THIS LONG CONTROVERSY BROUGHT AMERICANS TO THE REALIZATION THAT THOUGH ONE NATION, THEY WERE DIVIDING INTO TWO DISTINCT SECTIONS, DIFFERING IN IDEALS AND INTERESTS.



THESE RIVAL SECTIONS BEGAN TO DISAGREE ON OTHER NATIONAL ISSUES, AND THE TARIFF QUESTION TOOK ITS PLACE BESIDE SLAVERY AS A CAUSE FOR DISPUTE. FROM THIS RIVALRY GREW TWO OPPOSING THEORIES OF THE UNION ITSELF. THE NORTHERN VIEW, AS SET FORTH BY WEBSTER, WAS THAT ALL THE STATES AS WELL AS ALL THE PEOPLE WERE BOUND BY THE FEDERAL CONSTITUTION.



THE SOUTH BELIEVED THE DOCTRINE OF CALHOUN—THAT THE CONSTITUTION WAS MERELY AN AGREEMENT BETWEEN "SOVEREIGN" STATES, EACH HAVING THE RIGHT TO "SECEDE" FROM THE UNION. THESE CONFLICTING VIEWS INTENSIFIED THE SPIRIT OF SECTIONALISM. SECTIONALISM LED TO SECESSION AND SECESSION TO CIVIL WAR.

TOMORROW—SEIZURE OF FEDERAL FORTS.

AN ORDINANCE

Locating, Ordaining and Establishing a street to be known as Blanchard Street, between Montgomery Street and South First Street, in the Seventh Ward, and establishing the grade thereon.

SECTION 1. Be it ordained and enacted by the Council of the City of New Castle, Penna., that a public street between Montgomery Street and First Street, the center line of which shall be as follows: Beginning at a point in the center line of Montgomery street, said point being 355.4 feet westerly from the intersection with the center line of Lafayette Street; thence north 11 degrees, 56 minutes west, 158.29 feet to a point; thence north 13 degrees, 26 minutes west, 154.7 feet to the center line of First Street; and which street shall be of the width of 40 feet throughout and shall be named and known as Blanchard Street.

SECTION 2. That the grade on the said street is established along its center line, as follows, to-wit: Beginning at the intersection of the north line of Montgomery street with the center line of Blanchard street at an elevation of 791.84 feet; thence ascending at 1.33⅓% for 150 feet to an elevation of 793.84 feet; thence descending by vertical curve 100 feet to an elevation of 791.85 feet; thence descending at 5.344⅔% for 15.49 feet to an elevation of 791.0 feet.

I, Cordelia Zeigler Jones, City Clerk, do hereby certify that the above and foregoing ordinance has been regularly introduced and is now pending in the council of the city of New Castle, Pa. In witness whereof, I hereunto set my hand and affix the seal of the city, this 13th day of October, 1926.

N. Y. STOCKS

(International News Service)

NEW YORK, Oct. 13.—The move to lower prices in the stock market was resumed today, after an extremely reactionary opening, in which all but a few of the industrial speculative leaders sold at declines from Monday's final range.

The southern railroad stocks were freely offered in this first period, while the best show of strength was made by the manipulated industrials in the motor and steel groups. A new torrent of selling orders deluged the market before the end of the first hour.

Stocks of the southern roads were again under selling pressure, with declines of 1 to 4 points in Louisville and Nashville, Norfolk and Western, Atlantic Coast Line. An early rally of 2 points or more in the industrials and mercantile share was swept away before the end of the first hour when a new wave of selling broke violently over the whole market.

Breaks Shoulder In Fall From Porch

Mrs. Collins, Of Pittsburgh, Injured While Visiting At Daughter's Home Here

Mrs. Elizabeth Collins, of Pittsburgh, Pa., met with an unfortunate accident while visiting at the home of her daughter, Mrs. G. E. Armstrong, of Shaw street, this city.

Mrs. Collins accidentally slipped down three steps of the rear porch of the home, fracturing her right shoulder. She was removed to the Shenango Valley hospital for treatment.

LIBRARY SHOWS LARGE GROWTH

The board of trustees of the New Castle public library met Tuesday night at the library building.

At this meeting the board went over the work of the past month.

In checking up their circulation they found that there were 140 new borrowers of books, making a total of 10,475 who are using books furnished by the library. There are 6,855 books now in circulation, making an increase of 47 per cent over the previous September.

The reading room attendance shows a gain of 48 per cent over September, 1925.

This shows the appreciation that the people of New Castle have for the new building the library is situated in.

Some 390 books were added to the reading list at the meeting.

Large Crowd At Leichliter-Quartel Meeting Tuesday

Special Nightly Services Being Held At First Presbyterian Church

In spite of a number of other meetings in the city Tuesday night the Leichliter-Quartel service in the First Presbyterian church attracted a splendid crowd of people, the auditorium downstairs being filled.

It was the second night of the services which will last all week and the same punch that characterized the men's meeting on Monday was present last night.

Rev. Leichliter and Peter Quartel will conduct services every night this week in the First Presbyterian church, including Saturday night.

Sunday, October 17, will be the big day of the week's program. It is the annual City Rescue Mission day and is the day set apart each year for the solicitation of funds for the conduct of the mission work here.

Nationally known Rescue Mission men will be here, men who know their subject and put it over in a splendid way. They are literally "salesmen of salvation" and they sell their line in a real fashion.

Nearly every pulpit in the city will be occupied by a mission man Sunday. On Sunday afternoon a mass meeting will be held in the First Presbyterian church with special gospel speakers. The Apollo club will be present under the direction of R. E. Johns, and it is hardly likely that the church will be able to take care of the crowd.

COLLEGE BOY HAS BROKEN LEG

Struck By Auto While On Volant-New Wilmington Road Last Night

Harry C. Glunt, aged about 19, of Freeport, Pa., a student at Westminster college, is in the Shenango Valley hospital with his right leg broken just above the knee as a result of being struck by an automobile on the Volant-New Wilmington road late last night. His condition is said to be satisfactory and no serious results are anticipated.

According to reports received concerning the accident, the young man, a college student, was taken out by an alleged hazing party of fellow students and when a suitable point was reached, he was blindfolded and told to walk.

The members of the party did not see the car approaching until close at hand and called out in warning, but young Glunt being blindfolded, could not determine direction, and got in front of the car, it is said.

See New Era For New Castle

Wonderful Co-operation Being Shown In Cathedral Dinner Event

It does seem as though the butcher, the baker and candlestick maker are all trying to outdo themselves in co-operating in the Community Dinner scheduled for the Scottish Rite Cathedral for October 28.

The People's Amusement Company is the latest organization to come through. They want to be counted in on the party, and the letter they have sent to Fred L. Rentz, president of the Chamber of Commerce is self explanatory. The letter follows.

New Castle, Pa., Oct. 12, 1926.

Mr. Fred L. Rentz,
President, Chamber of Commerce
New Castle, Penna.

Dear Sir:

The Community Dinner which your organization has planned for October 28, in the new Scottish Rite Cathedral is a real step in the right direction.

We believe that it marks the beginning of a new civic era in our city, that it will bring together as never before the men and women of all classes.

It is the duty of all good citizens to co-operate in this splendid movement and because the People's Amusement Company is an integral part of the community life of New Castle we wish to have some small part in the Community Dinner.

Enclosed you will find a check for ten dollars for which please send us the equivalent in tickets. We hope to be able to use all of them, but if we do not, we shall feel that the money is well spent.

Your Community Dinner deserves a wonderful success. Our wish is that it will surpass even your fondest expectations.

Sincerely,
CHARLES FREEMAN,
President, People's Amusement Company.

Miss Pearl Maben At Grace Church

Returned Missionary Will Give Account Of Experiences In Central Africa

Miss Pearl Ross Maben of Mearville, Pa., a returned missionary from Central Africa, will give an address in Grace M. E. Church Thursday evening, October 14 at 7:45 at the open meeting of the Woman's Missionary society.

Miss Maben spent a number of years in the interior of Africa and will give an account of her experience in that foreign land. Before leaving for the missionary field Miss Maben was associated with the City Rescue Mission of New Castle for a number of years.

She has many friends in this city who will be glad of the opportunity of hearing her tell of the conditions among the foreign people. Preceding the meeting a tureen dinner will be served at 6:30 for the members of the Missionary society.

Reserve Decision In Bowser Case For Extradition

(International News Service)

HARRISBURG, Oct. 13.—Decision was reserved today in the protest of Fred Bowser, against extradition to Cleveland, Ohio, where he is wanted on a charge of highway robbery. The hearing on the request for extradition was held before James O. Campbell, first deputy attorney general.

Bowser's counsel claimed he was not in Ohio at the time the robbery for which he is wanted occurred. Ohio state authorities said they believed Bowser is wanted on other charges in addition to the one at Cleveland. Bowser is being held in New Castle, pending the outcome of the hearings.

Firemen Rescue Kitten From Neshannock Creek

Wet and bedraggled, the miserable little kitten of the tiger variety clung to the lamp shade which had been cast among other debris on the stone wall of the Neshannock creek this morning while city firemen attempted to rescue it.

Hundreds of people passing back and forth on the bridge on East Washington street stopped long enough to peer over the stone balustrade into the shadow of the wall, which was partially secluded from their gaze. Many of them chanced to see the wee bit of gray fur from which the SOS call was being broadcasted.

With the aid of Chief Lynn, Firemen Scott and Zeitler lowered the ladder into the water, but on discovery that the water was too deep at this point, they decided to procure boots and make the rescue from the other side of the bridge.

While the chief procured the boots the other men carried the ladder to the long porch on the north side of the bridge, where they lowered it. Chief Lynn returned with hip boots and Fireman Scott unlaced his own and donned the other for his wading tour over slippery rocks and in water two feet in depth.

The crowd stood back, the fireman climbed back onto the little narrow porch carrying kitty, wet and still clinging to the bright lamp shade of silk. It was given into the hands of the fire chief, who took it to their headquarters to procure food for it and provide a warm home.

New Castle firemen have little use for the person who sneaks out onto the Washington street bridge at night and drops an unwanted little ball of fur into the waters, and although they have been caused considerable trouble keeping the kittens from a watery grave, they have never failed to answer a call of this nature, and already they have given homes to numerous alley cats and starved kittens.

One Day Convention In Christian Church

Talks By Young People Will Be A Feature Of Evening Session Friday, October 15

Delegates from the Christian churches of Lawrence, Beaver, Butler, Mercer and Venango counties will be present at the one-day convention to be conducted in the Central Christian church, Long and Pennsylvania avenues, on Friday, October 15.

The convention is sponsored by the United Christian Missionary societies of the Christian denominations with headquarters at St. Louis, Mo. An attractive program will be carried out at all of the three sessions. Talks will be made by a number of prominent speakers and returned missionaries.

Ministers Have Conference In Primitive Church

Ministers of the Pittsburgh District of the Primitive Methodist church were in session Tuesday in the Maitland Primitive church of this city.

The morning session opened at 10:30 and was devoted to the hearing of reports of fifteen churches. The reports showed excellent progress along the lines of church membership and missionary work.

Rev. J. A. Tinker of the first Primitive church of Pittsburgh gave an address last evening. Rev. W. R. Williams of Youngstown, O., was moderator of the day. Selections by the church choir and male quartet featured the evening service.

A Sunday school convention was conducted today. The afternoon session was featured by talks on Bible school work. Rev. C. F. Smith of Youngstown, O., will speak this evening.

WET WEATHER MAKES TROUBLE FOR FARMERS

The farmers of this district have been having trouble with their corn because the ears are not drying out. In many fields there are mouldy ears and in some cases the ring fungus has attacked the crop.

Such conditions make it extremely important and necessary that seed corn be selected as soon as possible.

"Hang it up and do not allow it to remain in piles" County Agent McCulloch urges. Be sure there is plenty of circulation of air around the ears all the time until the seed is thoroughly cured before hard freezes begin.'

Death Of Siamese Twins Shows They Had One Organ In Common

MINNEAPOLIS, Minn., Oct. 13.—Only one organ was owned in common by Lucy and Bessie Medich "Siamese Twins" who died within a few minutes of each other at a local hospital. This was the bladder. A post mortem was held. They were the children of Mr. and Mrs. N. S. Medich, South Bend, Ind.

Lucy died of pneumonia and free pus in the chest cavity, according to the physician who made the examination. Bessie joined to her from birth about five months ago, died of shock and blood poisoning.

With the exception of the bladder which served both bodies, every vital organ of the bodies was complete in each individual.

The possession of two almost complete sets of internal organs permitted Bessie to enjoy perfect health throughout the long illness of Lucy from pneumonia, physicians said. The existence of only one bladder, however, caused an almost infiltration into the body of Bessie of the toxic materials which gathered in the body of Lucy.

The children were fastened together by a narrow band at the hips, the heads being at oposite ends of the double body which was only about 22 inches long. The legs extended outward sidewise from the bodies on either side.

Contest Is On Over Will Left By Dr. Shannon

Widow Elects To Take Against It And Under Intestate Laws Of State

PROPERTY LEFT TO SHANNON'S DAUGHTER

She Alleges Wife Relinquished Claim Under An Agreement And $2,000

Efforts of Mrs. Ida M. Shannon to break the will of the late Dr. W. A. Shannon and take her share as allowed by the interstate laws of the state, are being made in a hearing before Judge Hildebrand today.

In his will Dr. Shannon, formerly of Ellwood City and later of New Castle, left all his real estate, located in Ellwood City, and personal property to his daughter by a first marriage, Mrs. Marion Shannon Duff.

Dr. Shannon's first wife died in May, 1913. In December, 1918, he married Ida McKone of this city. The union was apparently not a happy one, and in November, 1920, it is claimed that Dr. and Mrs. Shannon entered into what was virtually a separation agreement. It is claimed that by this agreement Mrs. Shannon was to release all claim to the estate of Dr. Shannon and was paid $2,000.

Checks were produced at the hearing, showing that $1300 had been paid on one occasion and $700 on another. Additional testimony is to be taken on the matter of a verification of these checks. After the agreement it is claimed that Dr. and Mrs. Shannon lived apart from each other.

It is claimed that Dr. Shannon afterwards started divorce proceedings, which were later withdrawn. It is claimed by Mrs. Shannon that this was in violation of the agreement, and that the $2,000 paid did not release the estate. The agreement, after being entered into, was recorded at the office of the register and recorder. Mrs. Shannon's attorneys contend that this was not a valid agreement, and ask the court to so declare, so that Mrs. Shannon can take action against the will.

Mrs. Marion Duff, daughter of Dr. Shannon by his first wife, was married in January, 1918. She has since lived in Washington, D. C.; New York and Bellevue, Pa., being a resident of the latter place at the present time. Several of the witnesses for Mrs. Duff were absent at this morning's session and the case was adjourned until this afternoon when they will be examined and the testimony of Mrs. Shannon and others will be taken.

Scout Troop 18 Has Good Meeting

Troop 18 held its weekly meeting Tuesday night, October 12, in the Highland U. P. church. Mrs. Davis, Misses Betty and Leah Davis and Guy Shoaf were visitors. Troop Committeeman Boston was present also, while Scoutmaster Ralph F. Davis presided.

Knot-tying and signaling contests were held with results showing plainly the ability of the boys in this kind of work. Each scout of this troop is supposed to bring 10 cents for the Community Chest at the next meeting.

Next meeting there will be an exhibition of first aid work for the purpose of showing the boys the method of procedure as this work will be exhibited at the Round-up December 3. Thursday evening seven scouts from the troop will report at scout headquarters to receive Community Chest posters to distribute in the store windows.

The next meeting will be held on October 19. It is very important that all boys attend. A boxing match will be exhibited. In addition, each boy is to bring his first aid equipment, signaling flags, fire-by-friction set and ropes.

Norris Resigns As Board Treasurer

J. C. Norris of the board of trustees of the New Castle public library, handed in his resignation as treasurer at the board meeting last evening on account of poor health.

On the presentation of his resignation Mr. Norris was commended on his fine work while filling this office. His resignation was accepted with regret and appreciation of his work.

Clarence A. Patterson will take over the office of treasurer.

GYPSY WOMEN PAY FINE ON TUESDAY

Two gypsy women were busily engaged in telling fortunes in the South Mill street district near the Maxwell coal yard, when officers asked by people of that district arrived on the scene and placed them under arrest. When taken to the police station they insisted that they were both known as Mrs. John Doe and paid fines of $5, after which they were advised to leave town.

Moving Picture Sent To Museum

Carl Laemmle Seals Negative Of Uncle Tom's Cabin For Exhibition

BARRYMORE WORKS ON "VAGABOND LOVER"

By THOMAS R. CURRAN
International News Service Staff Correspondent

HOLLYWOOD, Oct. 13.—Motion picture producers a hundred years from now will be able to look at a film produced in 1926, laugh and say: "Aren't those hats funny?"

Carl Laemmle, president of Universal Pictures corporation, instructed Harry Pollard, director of "Uncle Tom's Cabin," to make an extra negative. This negative will be hermetically sealed and sent to Smithsonian Institute at Washington with the understanding that it will not be opened for 100 years.

Tom Moore, veteran leading man, will play opposite Laura LaPlante in "Beware of Widows", Universal executives announced. It will mark Moore's first appearance in a picture made at Universal City.

"The Vagabond Lover" will be John Barrymore's first picture for United Artists.

The story deals with the romantic life and adventures of Francois Villon, the whimsical beggar-poet of France.

Barrymore admitted a sympathetic interest in Villon.

"I admire him because he was true to himself, because he knew himself and his strengths and weaknesses. He had many light amours and one great love. I have always wanted to try his life as a motion picture story."

Production will require several months, it was estimated, and the picture will be one of Barrymore's most pretentious screen plays.

The "flivver tourist" and the country doctor are the latest candidates for "glorification" and both epics will be filmed at the DeMille studio. Rudolph Schildkraut will play the title role in a picture built about the work of the horse-and-buggy practitioners whose services were available at any hour of the day or night; and production of "Rubber Tires," a picture that will be to touring cars what the "Covered Wagon" was to prairie schooners, will start in the near future.

R. Carl Oelze, veteran pilot, adopted an unusual method of breaking into the movies recently.

Oelze floated down a stalled airplane with a giant parachute and received a contract to play the role of a German air captain in "Wings" a story of the part played by the air service on the western front.

The giant parachute, invented by Harry D. Doucett of San Diego, will be used on the 400-odd planes used in the filming of "Wings". Jesse Lasky financed the testing of the parachute, which will bring down an entire airplane.

Erich von Stroheim cast his first vote in the United States recently when he voted in the California primary election. The famous director received his final citizenship papers in time to take advantage of his American franchise.

The motion picture audience today is more appreciative than it was four or five years ago, according to William Russell, western film star, who said that one bad picture five years ago was enough to ruin an actor's prestige. Now, however, Russell explained, the public gives more latitude.

Two melancholy Kentucky bloodhounds, with ears like hotwater bottles, arrived in Universal City recently to be playmates of George Siegmann, character "heavy" who will play Simon Legree in "Uncle Tom's Cabin."

COLDS THAT DEVELOP INTO PNEUMONIA

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persisent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (Adv.)

VOLCANO EXPERT TO MAKE SURVEY OF MT. LASSEN

WASHINGTON, Oct. 13.—One of the world's foremost authorities on volcanoes is the man who has been selected by the Department of the Interior to make the official observations of Mt. Lassen, California's active volvano.

He is Dr. Thomas Augustus Jagger, Jr., whose work at Kilauea in the Hawaiian Islands has gained him world fame.

Dr. Jagger has been instructed to move with all his instruments and paraphernalia to California at once. He is already preparing for the trip, and will depart from Honolulu in time to take up his work at Lassen within the month of August.

MESSAGE IN BOTTLE AFTER EIGHT YEARS

MARSHFIELD, Mass., Oct. 13.—Memories of the naval collier Cyclops, which disappeared without trace in 1918, have been revived here by the discovery of a message in a sealed bottle. The message was scratched on a scroll of birch bark. The bottle was found in a heap of seaweed.

The message follows:

"S. S. Cyclops is sinking 161 men on board 10 degrees six minutes—10 degrees 40 minutes—G. P. Arm U. S. N."

Helps Others Who Suffer

Philadelphia Man Relieved of Acid Stomach, Gastritis and Nervousness Wants Everyone to Hear How Tanlac Helped Him.

"Tanlac is a wonderful remedy", says Diodato Bassano, 1205 South Alder Street, Philadelphia. "For a year I suffered terribly from indigestion. At times the pain would nearly double me up. My appetite was poor and when I did eat, gas and acid formed in my stomach.

"Nervousness upset me so that I could not get a good night's sleep. Now the days of suffering are only a hideous dream. I feel better than ever before. My stomach never bothers me. I eat everything, too. I give Tanlac all the credit for my recovery".

This tonic, made from roots, barks and herbs, usually builds up weak bodies, relieves suffering, tones up the system. For better health take Tanlac. All druggists. 40 million bottles sold.

Here And There Over The State

(International News Service)

BUTLER—A campaign to raise $12,000 and secure 700 new members for the local Y. M. C. A. will be launched here October 14. It will last for five days. The Rev. S. Wilmer Beitler, pastor of the First Presbyterian church, will act as chairman of the campaign committee.

PITTSBURGH—The 12 open-shop mines of the Pittsburgh Coal company in this district during the month of September showed a higher rate of operation than existed in August, according to officials. It was shown that 285,714 tons were produced in the month, or an average of 11,426 tons for each working day, compared with 295,226 tons or an average of 11,355 tons per working day in August.

ALLENTOWN—Two old time deeds were placed on record in the Lehigh county court house recently. One deed was dated April 13, 1869, and the other September 19, 1878. Both deeds certified the fact of the sale of a strip of land in Allentown. The strip was sold in 1869 for $150 and in 1878 for $300.

HARRISBURG—Governor Pinchot has fixed the date for the execution of Paul Orlakosky of Allegheny county for the week of Monday, October 25.

INDIANA—Sergeant Nevey and Private A. L. Nevey of the state patrol have been stationed here with headquarters at the Indiana hotel.

BRADFORD — The Roosevelt highway, connecting Coudersport and Galeton, has been opened for traffic. The highway is part of Pennsylvania's improved road program. It traverses the entire state from the New Jersey line in Pike county to Erie on the west. The opening of the new road will shorten the distance from New York to Erie, Chicago and western points.

GLEN CAMPBELL—An unusually large number of rainy days has been witnessed here during the first nine months of 1926, according to the diary of Miss Alda Huey. Miss Huey, in going over her diary which makes mention of all rainy days, found that 73 days had been rainy up to October 5.

WILKES-BARRE—More than 2,400 gallons of "high-powered" beer confiscated in this vicinity during the past several weeks was dumped into the sewers here by prohibition agents.

FRANKLIN—Although the city of Franklin already has purchased several buses to replace the street cars which have gone out of business, they will not be put into operation until the public service commission gives its approval for the use of the buses.

WARREN—Miss Harriet Rogers and Mrs. Charles Hall will be delegates from the local chapter of the D. A. R. at the state meeting of the organization at Uniontown the latter part of this month. Miss Rogers is regent of the Warren chapter.

Chew Gum--Get Thin --Society's New Plan

Although members of New York's "400" can easily afford the most elaborate reducing treatments, they do not pass by the new medicated form of chewing gum as an aid in keeping the figure trim and slender. This new method consists of establishing proper eliminative regularity through the use of a harmless, tasteless ingredient originally discovered in Vienna. Reductions of several pounds a week are reported in many cases. It acts quickest when well chewed—hence it is embodied in a deliciously flavored chewing gum called "Slends". Local druggists have already arranged to supply this new medicated gum. Start to chew Slends today—you will note effects tomorrow.
